Dear Sir / Madam,

Please find the list of various papers for Odd Sem 2022-23 (Phase-2) related to **BTech** Program along with the related question paper formats. The formats are self-explanatory.

Looking at the urgency of the examination, which is starting from **March 18, 2023**, it is requested that the question papers (**ONE SET each)** be made available at the earliest (preferably by March 08, 2023).

The papers, which are scheduled in the beginning of the schedule, be provided with utmost priority. Date of Examination is given in the subject list.

Also please ensure that each unit of the given syllabus is uniformly covered in the question paper.

Last but not the least, please ensure absolute confidentiality.

Regards,

Dear Sir / Madam,

Please find the list of various papers for **Even Sem 2022-23 (Phase-1)** related to **B.Tech. (CS/IT and related)** Program along with the related question paper formats. The formats are self-explanatory.

Looking at the schedule of the examination, which is starting from **May 23, 2023, 2023**, it is requested that the question papers be made available at the earliest (**preferably by May 12, 2023**) as follows:

- **Regular Papers - 01 Each**
- **Carry Over Papers - 01 Each**

The final semester papers, which are scheduled in the beginning, be provided with utmost priority. The dates of the Examination ***(Tentative)*** are given in the subject list.

Also please ensure that each unit of the given syllabus is uniformly covered in the question paper.

Last but not least, please ensure absolute confidentiality.

Regards,

Dear Sir / Madam,

Please find the list of various papers for **Even Sem 2022-23 (Phase-1)** related to **B.Tech. (CE/ENV)** Program along with the related question paper formats. The formats are self-explanatory.

Looking at the schedule of the examination, which is starting from **May 23, 2023, 2023**, it is requested that the question papers be made available at the earliest (**preferably by May 12, 2023**) as follows:

- **Regular Papers - 01 Each**
- **Carry Over Papers - 01 Each**

The final semester papers, which are scheduled in the beginning, be provided with utmost priority. The dates of the Examination ***(Tentative)*** are given in the subject list.

Also please ensure that each unit of the given syllabus is uniformly covered in the question paper.

Last but not least, please ensure absolute confidentiality.

Regarding Instructions for Digital Evaluation (Even semester 2022-23)

KIET DIGITAL EVALUATION CENTER <digitalevaluation@kiet.edu> Fri, Jul 7, 2023 at 9:55 AM
To: hod@kiet.edu, faculty@kiet.edu
Cc: DIRECTOR OFFICE <directoroffice@kiet.edu>, jointdirector@kiet.edu, dean_ac@kiet.edu, Registrar Kiet <registrar@kiet.edu>

Dear All,

Good Morning!

The Digital Evaluation of **III and IV Year (Even semester 2022-23)** has been started, so it is requested that all the III and IV year faculty members install the **AKTU-DVS-Version-4.1.17.26 software through a link sent by AKTU on your laptops (Message sent by AKTU through SMS having ID's, Password, Weblink on your registered mobile Number)**.

It is mandatory for **all the faculty members (as per the list attached) to evaluate a minimum of 150 answer scripts** in a span of **10-15 days.** In case it is not followed an explanation will be called. It is requested of **all HoDs to ensure that listed faculties will perform their Evaluation duties responsibly.**

It is also requested that faculties do the **quality evaluation** on a priority basis. In case s**ubject codes are not assigned or copies are not available in the assigned code, then the code will be allocated if the faculty has taught the subject in the last three years.** (Send a mail through HoDs for allocation of new codes).

.

For any query please feel free to call the undersigned.

Note: Please Uninstall the Old version of DVS software from systems if installed and install the new version.

Minutes of Meeting held on 10th August 2022 in KSOP Department

Agenda: Planning for revised Vision, Mission Statements and programme Educational Objectives for the session 2022-23 and implementation of Value Added Course

Time: 11.00 A.M., Offline mode
Chair: Dr. K. Nagarajan (Principal-KSOP)

BoS Members Present:

1. Dr. N.G. Raghavendra Rao
2. Dr. Ashu Mittal
3. Dr. Daksh Bhatia
4. Dr. Roma Ghai
5. Dr. Vaishali M. Patil
6. Dr. Shardendu Kumar Mishra

Topics Discussed:

All the BoS internal members gave their suggestions for revision of Departmental Vision and Mission Statements

The proposed Vision and Mission was developed in alignment with the Institute vision and mission

The programme Educational Objectives for the upcoming session were also slightly revised aligning with the 11 Programme Outcomes of NBA

The proposed Vision and Mission statements has been emailed to all the external members seeking their suggestions/inputs for the successful overall development of KIET School of Pharmacy

The proposed Vision and Mission statements and PEO's are attached with MoM

Commencement of **Herbal Drug Development** (Value Added) course classes for students of third year (2022-23-odd semester)

(Principal)

HERBAL PRODUCT DEVELOPMENT (VA 510)

MODULE 1: **20 hours**

Discussion of concepts and hands on training (in selected domains):

1. **Phytochemical Investigation**

2. **Extraction and Isolation:** Principles of extraction and selection of suitable extraction method. Different methods of extraction including maceration, percolation, hot continuous extraction with their merits and demerits. Purification and Recovery of Solvents.

3. **Standardization of Herbal Raw materials and Extracts:** Standardization of herbal raw materials including Pharmacognostical, physical, chemical and biological methods with examples.

4. **Screening of natural products for the following biological activities:** Antidiabetic, Antifertility, Antihypertensive, Antiarrrhythmics, Antipyretics, Antioxidants, Antibacterial, Antifungal, Antiepileptics, Osteoporosis, Nephroprotective, Immunomodulators, Alzheimers

MODULE 2 **20 hours**

Discussion of concepts and hands on training (in selected domains):

1. **Herbal Formulation Development:** Selection of herbal ingredients. Different dosage forms of herbal drugs. Evaluation of different dosage forms. Stability studies of herbal formulations.

2. **Herbal Cosmetics:** Cosmetics preparations: Incorporating the herbal extracts in various cosmetic formulations like Skin care preparations (Creams and Lotions), Sunscreens and Sunburn applications, Hair care preparations (Hair oils and Hair shampoos)

3. **Development of Nutraceuticals**

4. **Packaging Strategies, Labelling claims and Expiry Date for Ayurvedic Preparations, Homeopathic Medicines, Herbal Formulations, Herbal Cosmetics and Nutraceuticals**

Analysis and Action Taken Report of Stakeholders at BOS conducted on 29th November 2021 for the feedback collected by Stakeholders:

1. Student Feedback Report

Analysis	1. Students whose average attendance was above 85% were considered for Feedback. 2. Average was taken for all the 10 criterias. 3. After averaging it was found that according to the feedback given by students "Syllabus is not much industry oriented" and the syllabus of few subjects are not tuned with the demand of industries. It must be synchronized with latest techniques that can fulfil the job opportunities of students.
Action Taken	In accordance with the analysis done department has identified the gap and started (a) Value added courses, (b) Minor specialization (i.e Drug Regulatory Affairs) (c) Guest lectures, (d) Hands on trainings/ Workshops (Flash Chromatography by Biotage) (e) Soft skill training, (f) Conferences and (g) Research based projects and floating projects to fulfil the current demand of outer world and the curriculum.

2. Alumni Feedback Report

Analysis	Students were little unsatisfied with the placement activities.
Action Taken	1. New companies are added in the existing recruiter's portfolio to enhance the campus placement eg Alembic, McLeods, Bayer Pharmaceuticals. Innodata, Amaranth Life Sciences, Pharmalex, Delveinsight and many more. 2. Training & Placement cell, DPC members, Principal addressed students in later hours in evening on online platform to ensure maximum participation and motivation to students regarding the placement. 3. DPC (Department placement cell have been created and time to time motivated students for their best placement activities

	4. Capsule training that covers soft skills and aptitude tests are organized before placement drives. 5. Mock interviews are being conducted. 6. Off campus drives are being conducted.

3. Employer Feedback Report

Area of Improvement	**1. Syllabus effective in producing practical/ innovative solutions to real world problems** **2. Level of adherence to personal and professional ethics whilst working on pharmaceutical problems.**
Input	1. The students should be well versed with trouble shooting behaviour to bring the positive change in the real time situations
Action Taken	**Action taken on Point 1.** (a)Students were motivated to participate in model technical competitions like AKTU Parikrama, Smart India Hackathon, Innotech festivals. (b)The institution also formulated guidelines for inter departmental participation of students for combined projects and research work. The department carry out floating projects and practice school projects to train the students for real world problems. (c) Virtual labs are being developed. (d) Self shooted videos by the faculty. (e) Webinars and workshops on topics relevant to the industry placement are being conducted. (f) Alumni from industry are being called to interact with the students in order to understand the practical aspects of the industry. **Action taken on Point 2** The value-added course on Human Values and Professional ethics is taught to students to create ethical, morally sound pharma professionals.

Faculty Feedback Report

Analysis	Based in the analysis, it is found that the syllabus of few subjects are not tuned with the demand of industries. It must be synchronized with latest techniques that can fulfil the job opportunities of students.
Action Taken	Department has started Value added courses, Minor specialization course (Drug Regulatory Affairs), floating projects, Guest lectures, hands on trainings, workshops, soft skill training, conferences and Research based projects in order to fulfil the current demand of outer world and the curriculum.

Course Name	Course Contents	Duration	Batch Size
Certificate Course in Advanced CNC Machining	• Introduction to vertical machining centre (VMC). • Introduction to CNC lathe machine. • Tool and parameter (feed, speed) selection for vertical machining centre (VMC) • Tool and parameter (feed, speed) selection for CNC lathe machine. • Introduction to programming codes (G & M codes) • Programming on vertical machining centre (VMC). • Programming on CNC lathe machine. • Workpiece holding by deferent methods on vertical machining centre (VMC) and CNC lathe machine. • Work offset setting on vertical machining centre (VMC). • Work offset setting on CNC lathe machine. • Job making on vertical machining centre (VMC). • Job making on CNC lathe machine.	**60 hours**	**14 Students**

ADAM COURSE CONTENT

The course content and delivery methodology is derived in collaboration with Mercedes-Benz India Pvt. Ltd. to suit the needs of the luxury segment automobiles. During the course candidates will be able to access the Workshop Information System (WIS) – Online Technical Knowledge Portal of Mercedes-Benz for excellent comprehension of latest technology and related processes.

The course consists of the following modules: -

Mechanical Module: Practical Hands on Experience on latest MB Engine and Transmissions assembly & disassembly, Chassis systems, Suspension, Steering and various braking systems, Introduction to Pre-Delivery Inspection (PDI), Maintenance & Servicing of Modern Vehicle, etc.

Electronics Module: Basic Electronics, Sensors, Wiring Diagram - symbols & designation of electrical components, sockets & pin diagrams, Basics of CAN bus and its application in networking etc., hands on experience on latest Mercedes-Benz Car. Advanced Automotive Systems: Vehicle Component Study, Different Vehicle Management System, Functions of Engine management, Emission control management etc. On the Job Training at MB Dealer Network for holistic practical understanding

ABOUT KIET GROUP OF INSTITUTIONS

'KIET Group of Institutions (KIET)' was established at Delhi-NCR, Meerut Road (NH-58), Ghaziabad, in 1998. It is an AICTE approved Institution and is affiliated to Dr. A.P.J Abdul Kalam Technical University, Lucknow. Started with 180 students, the KIET Group of Institutions has become a pioneer in the technical education domain, with a strength of 5600+ students and a rich alumni base of 15000 + students spread across the world, which is a substantial growth in 22 years and empowered with 300+ highly qualified full-time faculty to nurture our students. KIET offers B.Tech Degree courses in nine disciplines and in addition M.Tech in four disciplines, MCA, MBA & Pharmacy (B.Pharm & M.Pharm) courses to meet varied aspirations of the students.

INSTITUTE'S CREDENTIALS

- MCA & Pharmacy Accredited by NAAC with Grade "A" for 5 years (Till 2021).
- NBA Accredited Courses: B.Tech (EN, ME, CSE, IT, ECE, CE), MCA, MBA & Pharmacy
- UPTU Academic Excellence Award for B.Tech, MBA & B.Pharma (Only Institute in UP)
- Achieving a place in the Band of 201-250 for Engineering discipline in National Institutional Ranking Framework (NIRF) -India Ranking 2020,
- Awarded Band 'A' Institution i.e. among Top 25 Institutions in the category of 'Private/Self-Financed College/Institutes' in ARIIA 2020 rankings.
- Centre of Automotive Mechatronics in collaboration with Mercedes-Benz India Pvt. Ltd..
- Technology Business Incubator (TBI-KIET) established in 2007 which provide funding and office space for young entrepreneurs.

BIESSE INDIA

BIESSE Group is an ITALY based MNC specializing in the wood working segment since 1968 and involved in designing, Manufacturing, and marketing of comprehensive range of technology and solutions for joiners and large furniture window doors and wood building components manufacturers. In recent years BIESSE has also been active in the plastic processing machinery sector, developing ad-hoc solution for the growing market .

BIESSE India having its tech centre at Nelamangala Bengaluru is sprawling space of 1000 square metres where all the modern amenities to accommodate the wide range of machinery are in place. From Edge Banding to CNC Nesting, as many as fifteen technologies are in display with each variant offering an innovative yet unique solution in the field of wood, glass, and advance material processing. Our dedicated training facility at the tech centre helps in educating customers regarding all the latest developments & trends.

CENTRE FOR

ADVANCE WOODWORKING

KIET GROUP OF INSTITUTIONS

CAD/CAM in Woodworking

AN SKILL DEVELOPMENT INITIATIVE IN ASSOCIATION WITH BIESSE INDIA

"First Advanced Woodworking Centre in Northern India"

ABOUT THE CAW

The skill development is foundation of nation building and KIET Group of Institutions is committed for this from last two decades. To fulfill its commitment KIET Group of Institution have taken up many steps for skill development of youth. The recent skill development initiative is the joint venture of KIET GROUP OF INSTITUTIONS and BIESSE MANUFACTUHING COMPANY PVT. LTD. in the form of "Centre of Advanced Woodworking (CAW)". The prime objective of the CAW is to impart the training to young professionals and to develop new entrepreneur in the highly disorganized woodworking industry with a concept of smart factory. To achieve the objective of CAW, Centre is having highly automated woodworking machinery and software to mitigate the requirement of industry in terms of technology and trained manpower.

CAW ADVANTAGES

- **Hands on experience on advanced Woodworking Machines.**
- **Weekend classes for working professionals.**
- **Support from BIESSE Academy for all modules.**
- **Support from TBI -KIET for young entrepreneurs.**

Course: The center of Advanced wood working offering a short term 66 hours course "CAD/CAM in Woodworking" this course is designed to impart the knowledge of CAD software BSolid, BCabinet and Opti-planning along with Modern machine tools being used in manufacturing of modular furniture with a concept of smart factory.

Eligibility Criteria: Any Engineering / Diploma / Science graduate and ITI in Carpentry/ furniture manufacturing with 2 years of relevant industrial experience in woodworking industry are eligible for admission to this course.

Course Fee: Rs. 15,000/- **Batch Size: 10**

CERTIFICATION: After successful completion of the course, students will be awarded Certificate "CAD/CAM in Woodworking" jointly by KIET Group of Institutions and BIESSE India.

MOM of the Departmental Board of Studies (BOS) Meeting held on 24th August 2022.

Chair: Prof. (Dr.) Adesh Kumar Pandey, HOD-IT

Participants:

1. Prof. (Dr.) D.K Lobiyal
2. Prof. (Dr.) Ajay Agarwal
3. Prof. (Dr.) Vineet Sharma
4. Prof. (Dr.) Vikas Goel
5. Mr. Nitish Pandey
6. Mr. Veepin Kumar (NBA Coordinator)

Departmental BOS meeting was conducted on 24th April 2022 in the department of IT. The following agenda points were discussed in the meeting

S. NO.	Agenda	Discussions/ Decisions taken
1.	**Briefing of Departmental progress by the HOD**	➢ HOD Briefed about the research initiates in the department to the BOS. ➢ The HOD also briefed the members about the new initiatives in teaching & learning. ➢ BOS members have suggested enhancing the number of application for the research grant.
2.	**CO & Their Mapping**	➢ NBA Coordinator has presented the COs of odd semester with their mapping. BOS members have requested to concern faculty members to defend the COs and their mapping in front of committee. The BOS finalize the COs and their mapping with POs.
3.	**CO attainment criteria**	➢ NBA coordinator has presented the criteria (on the basis of average of previous years internal/external marks) of CO attainment to the BOS members. He also briefed the members about the exclusion of the result in which examination was conducted in online mode. ➢ BOS has approved the attainment criteria.
4.	**The Lab and Add. Skill Assessment Criteria**	➢ Add HOD has presented Lab and add skill assessment criteria to the members and same was appreciated and approved by the members.

5.	**Curriculum Survey and suggested actions**	➢ OBE Coordinator has presented the outcome of curriculum survey in the meeting. ➢ HOD has briefed the members about the planned actions on the basis of the survey outcomes as follows: a) Department has decided to use the CodeTantra platform to improve the coding habits and industry readiness of the 2nd and 3rd year students in DSUC, DAA and additional skill classes and labs. b) Department has decided to introduce the concept of project based learning in selected subjects like Web Technology, RDBMS and Machine learning to inculcate the practical, application and research aspect of the subject in real life. It may help students to peruse higher studies. c) Department has decided to run additional course placement preparatory skills (DSA,DBMS,JAVA) for 3rd year and problem solving with DS for 2nd year in even sem.
6.	**Placement Details**	➢ HOD briefed about the placement of the department for 2018-22 Batch. Total students were 194, eligible for the placement 190 and all eligible 190 students were placed. The highest package was 48.40 LPA (offered to Ms. Priyanshi by Microsoft). Total offers were 321. The average package was 6.92 LPA. BOS members appreciate the efforts of IT department.
7.	**Conclusion**	➢ HOD thanks members for their valuable time and suggestion.

Syllabus of Problem solving with DS (Additional skill course)

Module 1:	Overview of C programming language. Understanding the structure of a C program. Variables, data types, and operators. Input and output operations. Conditional statements (if, if-else, switch).Looping structures (for, while, do-while). Arrays and their manipulation Problem-solving exercises and assignments	4 Hours
Module 2:	Introduction to functions and their importance. Function prototypes and function definitions. Recursion and its applications. Pointers and their role in C programming. Pointer arithmetic and dynamic memory allocation. Arrays and pointers relationship. Practical exercises and coding challenges	4 Hours
Module 3:	Overview of linked lists and their advantages Implementation of singly linked lists. Operations on linked lists (insertion, deletion, traversal). Doubly linked lists and circular linked lists. Introduction to stacks and their applications. Implementation of stacks using arrays and linked lists. Stack operations (push, pop, and peek). Coding problems related to linked lists and stacks	5 Hours
Module 4:	Introduction to trees and their properties. Binary trees and their representation. Tree traversal techniques (pre-order, in-order, post-order). Binary search trees and their operations. Balanced trees (AVL, Red-Black) and their benefits. Introduction to heaps and priority queues. Problem-solving exercises and coding challenges involving trees	7 Hours

Subject: Syllabus of Java Programming for Pre-Placement Training

Java Programming is a crucial programming language from placements point of view and having a thorough understanding of the subject can improve a candidate's chances of being hired by reputable companies. The Department of Information Technology is conducting a pre placement training classes on Java Programming. By the end of this course, student shall have in-depth knowledge about all the basic JAVA Concepts, so that he can be placed in Good MNC's

Module 1:	**Overview of Java Programming:** Data Type, Variables, Arrays and Strings, Decision Making and Looping.	2 Hours
Module 2:	**Class, Objects and Methods in Java:** Concept of class and object, Concept of method related to object, Constructor, Method Overloading, this keyword, static keyword, Finalize Method, recursion in Java	3 Hours
Module 3:	**Inheritance, Abstraction in Java:** Inheritance, Aggregation, Static Block, Super Keyword, Abstract Class and Method.	3 Hours
Module 4:	**Package, Interface and Polymorphism in Java:** Concept of Package, Introduction to Interface, Abstract vs Interface, Concept of Polymorphism.	4 Hours
Module 5:	**Collection Framework:** Class hierarchy of collection framework, Array List, Linked List, Hash Set, Tree Set, Hash Map, Stack and Queues.	4 Hours

Subject: Detailed Syllabus of Data Structure and Algorithm (DSA)

The Following topics on Data Structure and Algorithm (DSA) will be discussed in the Pre-Placement Training and Coding questions related to these topics will be conducted and scheduled on CodeTantra Platform.

1. Basic Data Structure (Arrays)
2. Strings
3. Linked List
4. Stack
5. Queue
6. Tree
7. Graph
8. Searching
9. Sorting
10. Hashing
11. Greedy Methodology
12. Dynamic Programming
13. Backtracking

Topics	Questions
Arrays	Maximum and Minimum Element in an Array, Reverse the Array, Maximum-Subarray, Search in Rotated Sorted Array, Repeat and Missing Number Array, Kth-Largest Element in an Array, Product of Array Except Self, Maximum Product Subarray, Find Minimum in Rotated Sorted Array, Find Pair with Sum in Sorted & Rotated Array, Kth - Smallest Element, Find Minimum Number of Merge Operations to Make an Array Palindrome, Given an Array of Numbers Arrange the Numbers to Form the Biggest Number, Subarray Sum Divisible K, Print all Possible Combinations of r Elements in a Given Array of Size n.
2D Arrays	Zigzag (or diagonal) Traversal of Matrix, Set Matrix Zeroes, Spiral Matrix, given a Matrix of 'O' and 'X', Replace 'O' with 'X' if surrounded by 'X', Find a Common Element in all Rows of a Given Row-Wise Sorted Matrix, Create a Matrix with Alternating Rectangles of O and X, Maximum Size Rectangle of all 1s
Strings	Valid Palindrome, Valid Anagram, Valid parentheses, Remove Consecutive Characters, Longest Common Prefix, Convert a Sentence into its Equivalent Mobile Numeric Keypad Sequence. Print all the Duplicates in the Input String, Longest Substring without Repeating Characters, Longest Repeating Character Replacement, Longest Palindromic Substring, Palindromic Substrings, Count Palindromic Subsequences, Smallest Window in a String Containing all the Characters of Another String, Longest Prefix Suffix, Transform One String to Another using Minimum Number of Given Operation

Linked List	Reverse Linked List, Merge Two Sorted Lists, Delete without Head node, Remove duplicates from an unsorted linked list, Sort a linked list of 0s-1s-or-2s, Remove nth node from end of list, Detect and remove loop in a linked list, Write a Function to get the Intersection Point of two Linked Lists, Flatten a linked list with next and child pointers, Reverse a doubly linked list, Delete nodes which have a greater value on right side, Segregate even and odd Elements in a Linked List, Point to next higher value node in a linked list with an Arbitrary Pointer, Rearrange a given linked list in place, Merge K Sorted Lists, Merge sort for linked list, Quicksort on singly-linked list, Sum of two linked lists, Flattening a linked list, Clone a linked list with next and random Pointer, Subtract two numbers represented as linked lists
Stack & Queue	Implement two stacks in an Array, Evaluation of Postfix Expression, Implement Stack using Queues, Queue Reversal, Implement Stack Queue using Deque, Reverse first k elements of queue, Design Stack with Middle Operation, Longest Valid String, Find if an expression has duplicate parenthesis or not, Stack permutations check if an array is stack permutation of other, Count natural numbers whose permutation greater number, Sort a stack using Recursion, Queue based approach for first non-repeating character in a stream, Next larger Element, Next smaller element, Efficiently implement k-stacks single array, Find the maximum of minimums for every window size in a given array.
Trees	Maximum Depth of Binary Tree, Reverse Level Order Traversal, Invert Binary Tree, Binary Tree Level Order Traversal, Left View of Binary Tree, Right View of Binary Tree, ZigZag Tree Traversal, Create a mirror tree from the given binary tree, Leaf at same level, Check for Balanced Tree, Transform to Sum Tree, Check if Tree is Isomorphic, Construct Binary Tree from Preorder and Inorder Traversal, Height of Binary Tree , Diameter of a Binary Tree, Top View of Binary Tree, Bottom View of Binary Tree , Diagonal Traversal of Binary Tree , Boundary Traversal of binary tree, Construct Binary Tree from String with Brackets, Minimum swap required to convert binary tree to binary search tree, Duplicate subtree in Binary Tree, Check if a given graph is tree or not, Min distance between two given nodes of a Binary Tree, Kth ancestor of a node in binary tree, Binary Tree Maximum Path Sum, Print all k-sum paths in a binary tree.
Graph	BFS, DFS, Detect cycle in a graph, Detect cycle in an undirected graph , Rat in a Maze Problem, Number of Operations to Make Network Connected, Dijkstra's shortest path algorithm, Topological Sort, Find the number of islands, Prim's Algo, Negative Weighted Cycle, Floyd Warshall, Graph Coloring, Find if there is a path of more than k length from a source, Bellman Ford, Kruskals MST, Total number spanning trees graph, Travelling Salesman, Find longest path directed acyclic graph.
Searching & Sorting	Permute Two Arrays such that Sum of Every Pair is Greater or Equal to K, counting sort, find common elements three sorted arrays, Searching in an array where adjacent differ by at most k, ceiling in a sorted array, majority element, count triplets with sum smaller that a given value, Maximum Sum Subsequence with no adjacent elements, Merge Sorted Arrays using O(1) Space, Inversion of Array, Find Duplicates in O(n) Time and O(1) Extra Space , Radix Sort, Product of Array except itself, Make all Array Elements Equal, Check if Reversing a Sub Array Make the Array Sorted, Find Four Elements that Sum to a Given Value, Median of Two Sorted Array with Different Size, Median of Stream of Integers Running Integers, Print Subarrays with 0 Sum, Minimum Swaps to Sort.
Heaps & Hashing	Choose k array elements such that difference of maximum and minimum is minimized, Heap Sort, Top K Frequent Elements, k largest elements in an array, Next Greater Element, K'th Smallest/Largest Element in Unsorted Array, Find the maximum repeating number in O(n) time and O(1) extra space, K-th smallest element after removing some integers from natural numbers, Find k closest elements to a given value, K'th largest element in a stream, Count distinct

	elements in every window of size k, Merge K Sorted lists, Find the smallest positive number, Length of the largest subarray with contiguous elements, Subarray distinct elements, K maximum sum combinations from two arrays.
Greedy Methodology	Activity selection problem greedy algo, Greedy algorithm to find minimum number of coins, Minimum sum absolute difference pairs two arrays, Find maximum height pyramid from the given array of objects, Minimum cost for acquiring all coins with k extra coins allowed with every coin, Job sequencing problem, Fractional knapsack problem, Find smallest number with given number of digits and digit sum, Maximize sum of consecutive differences circular-array, Rearrange characters string such that no two adjacent are same, Minimum edges to reverse to make path from a source to a destination.
Dynamic Programming	Knapsack with Duplicate Items, Maximum difference of zeros and ones in binary string, Longest Repeating Subsequence, Longest subsequence-1, Longest Common Subsequence, Knapsack Problem, Catalan Number, Subset Sum, Assembly Line Scheduling, Maximum sum increasing subsequence, Count all subsequences having product less than K, Maximum sum increasing subsequence, Largest Square in Matrix, Maximum Path Sum, Minimum removals from array to make max – min <= K, Longest Common Substring, Longest Palindromic Subsequnce, Count Palindromic Subsequences, Longest Palindromic Substring, Longest Alternating Sequence, Matrix Chain Multiplication, Optimal BST, Largest area rectangular sub-matrix with equal number of 1's and 0's.
Backtracking	Backtracking-Rat in a Maze, Longest Possible Route in a Matrix with Hurdles, printing all solutions in N-Queen Problem, Partition Equal Subset Sum, M Coloring Problem, Knight Tour, Soduko, Remove Invalid Parentheses, Word Break Problem using Backtracking, Print all Palindromic Partitions of a String, Partition of Set into K Subsets with Equal Sum, Backtracking- hamiltonian cycle, Maximum Possible Number by doing at most K swaps.
