

About KIET

Welcome to KIET Group of Institutions. Krishna Institute of Engineering & Technology (KIET) was established in 1998 by Krishna Charitable Society at Ghaziabad, U.P. The Institute offers B.Tech Degree courses in seven disciplines i.e. CSE, ECE, EN, IT, ME, CE & EI, M.Tech in four disciplines i.e. CS, EC, EN, ME. This institute also offers MCA, MBA & Pharmacy (B.Pharm & M.Pharm) Courses to meet varied aspirations of the students. All our B.Tech, MBA, MCA & B.Pharm programmes have been accredited by NBA. Also, KIET Group of Institutions is accredited by NAAC (An autonomous Institution of the UGC) with "A" Grade for 5 Years.

Department of Information Technology is a NBA accredited. The main aim of the department is to provide value based and industry oriented education to the students. The department of IT is equipped with four world class distinguished labs. Department has Apple IOS and Advance Computer Network excellence center to bridge the gap between industry and academia. Our goal is to become a center of excellence in the field of IT & related research and to churn out professionals to become leaders in innovation, entrepreneurship, and creativity in IT field.

About TBI-KIET

The Technology Business Incubator (TBI) was promoted & established jointly by National Science & Technology Entrepreneurship development board (NSTEDB), Ministry of Science & Technology, Government of India and Krishna Institute of Engineering & Technology in Dec. 2007.

The objective of TBI-KIET is to promote knowledge driven enterprises and generation of value added employment using cutting edge Technologies, Enterprise & Entrepreneurship development, Technology commercialization and to promote small industries to take up R&D activities & Technology upgradation.

About IPR

The importance of intellectual property in India is well established at all levels-statutory, administrative and judicial. India ratified the agreement establishing the World Trade Organization (WTO). This contains an Agreement on Trade Related Aspects of Intellectual Property Rights (TRIPS) which came into force from 1st January 1995. It lays down minimum standards for protection and enforcement of intellectual property rights in member countries which are required to promote effective and adequate protection of intellectual property rights with a view to reducing distortions and impediments to international trade. The Agreement provides for norms and standards in respect of following areas of intellectual property

- Patent
- Trade Marks
- Copyrights
- Geographical Indications
- Industrial Designs
