

INTERNATIONAL CONFERENCE  
ON  
INNOVATIVE TECHNOLOGIES IN MECHANICAL ENGINEERING  
(ITME-2019) OCTOBER 18<sup>th</sup>-19<sup>th</sup>, 2019  
Sponsored by AICTE

Organized by  
Department of Mechanical Engineering  
KIET Group of Institutions Ghaziabad, Uttar Pradesh, INDIA

In collaboration with  
Cranfield University, UK

Track on  
***Renewable Energy***

Session Chair

**Dr. Pushendra Singh**

**Associate Professor**

**Delhi Technological University, Delhi**

### ABOUT TRACK

Energy is the key for development and progress of our society at both the global and at local level. Energy production and utilisation had become the keystone of economic success and human development thereby ushering an imminent need to look for not only a self sustainable but renewable environment friendly energy alternatives. Any Technological advancement is judged by its impact and spread into every strata of society.

Solar energy, Biomass, Biogas and wind energy have turned out to be one of the most viable and economically feasible options as an alternative sources of energy in modern world. They all are the renewable sources as well as they have a widespread impact on the society at both the individual level and at the community level.

An exclusive Track on ***Renewable Energy*** is being organized in the INTERNATIONAL CONFERENCE ON INNOVATIVE TECHNOLOGIES IN MECHANICAL ENGINEERING (ITME- 2019).

Our Track 4: Renewable Energy focusses on the technological advancement of these very sources of renewable energy, and aims to disseminate the recent trends and developments in their respective domain.

This Track provides an international forum for presentation of recent developments/innovations in the field of renewable energy. Scientists and researchers working in the broad areas of renewable energy are invited to exchange their ideas/results on the related research fields.

The scope of the track on ***Renewable Energy*** includes the following, but is not limited to:

- ☐ Solar air heaters.
- ☐ Concentrated Solar Power (CSP).
- ☐ Biomass energy.
- ☐ Biogas.
- ☐ Wind Turbines Technology.
- ☐ Other Renewable Energy Technology.

### IMPORTANT DEADLINES

Full paper submission:	July 31 <sup>st</sup> , 2019
Paper acceptance:	August 20 <sup>th</sup> , 2019
Final paper submission (Camera ready copy)	September 15 <sup>th</sup> , 2019
Early Registration before	September 30 <sup>th</sup> , 2019
Last date of Registration	October 9 <sup>th</sup> , 2019
ITME 2019	October 18 <sup>th</sup> -19 <sup>th</sup> , 2019

The conference details are available at

<https://www.kiet.edu/itme2019/tracks.html>
