CULTURE- CYCLING TO WORK
संस्कृति- साइकिल से कार्य क्षेत्र

How to save your environment, it is like protecting ourselves, we don't need to learn from others, so to save the environment and my health. I started cycling from the last 5 years. I am going to my workplace by bicycle. My work place is 15 kilometres away from my house. I am always enjoying this journey due to cycling. Let's start the culture of cycling to work to save our earth, cycling to work every day here can be a mentally boosting one you never know you need.

PRE CORONA INFECTION

1. Save your health, money, and environment
2. Your mind is sharp
3. It is also very fun
4. It allows you to get distressed after work
5. Improve your confidence

AFTER CORONA TIME

1. Maintain the social distance (2 meters)
2. Clean your Aqi
3. You avoid public transport issues
4. go anywhere
5. this mode of exercise available (gyms are closed)
