

PROUD MOMENTS

KIET commitment to excellence is paramount that reaches the ultimate in performance. In recognition of our ongoing commitment to excellence KIET Group of institutions received the “Best Engineering College in North India for Placement 2021” award in recognition of the Institute’s outstanding & exemplary contribution towards Education Skill Development & Research during the 7th Higher Education Summit cum 14th Rashtriya Shiksha Gaurav Puraskar Ceremony 2021 (17-19 Apr’21). It was organized by Centre for Education Growth and Research (CEGR).

Every blood donor is an asset to the nation that saves the lives of people. KIET Group of Institutions, Delhi-NCR is concerned about the **health and safety** of our students, staff, their families, and friends and came forward not only for their students but for their **parents too**. As being affected by the deadly virus **Dr. A. Garg, Director, KIET Group of Institutions**, first fought against this deadly virus and then **voluntarily donated his plasma** to save the lives of our parents at **GIMS, Greater Noida**. The objective of this noble cause is to encourage people to come forward to donate plasma to be used for the treatment of **Covid-19 patients** as it would help to treat critical patients. Our proud parents are also grateful for this generosity shown by the **Director of KIET Group of Institutions**. This is the moment we are called to be our best selves in tune with **patience, empathy, and compassion**.

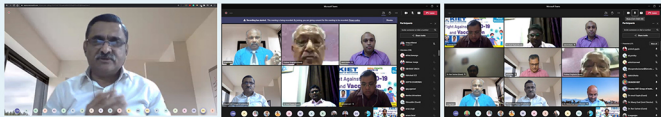

It is truly amazing how KIETians are coming together for one another and truly appreciating each other for their compassionate donation. Taking the time and initiative taken by **Dr. Pushpendra Kumar (Associate Professor, KSOP)** to come in and donate his plasma to **Dr. Prashant Aggrawal (Associate Professor, Department of Computer Applications)** is an example we hope others will follow. We KIETians are incredibly grateful for the asset we have and proving that **“Alone we can do so little; together we can do so much.”** In this tough situation, everyone must contribute to save the lives of others. **Dr. Pushpendra Kumar** has shared his experience too regarding all doubts about **plasma donation** in his youtube video.

<< ONLINE EVENT >>

To mitigate the coronavirus disease, **KIET Group of Institutions** organized a Virtual Panel Discussion on **"Fight Against COVID-19 and Vaccination"** on **18th May 2021** for its faculty and staff members.

The panelists for the day were **Dr. A. Garg (Director-KIET)**, **Dr. Vinod Gupta (CMO- Indira Gandhi ESI Hospital, Jhilmil, Delhi)**, **Dr. Pradeep K. Singhania (Senior Physician, Ghaziabad)**, **Dr. Ravi Sachan (Associate Professor, Department of Paediatrics, UCMC & GTB Hospital)**, **Dr. K. Nagarajan (Principal, KIET School of Pharmacy)**, **Dr. Daksh Bhatia (KSOP)**, **Dr. Manoj Goel (Joint Director)** also shared his experience.

Faculty and staff took participation in the discussion with high enthusiasm and raised relevant questions which were replied back so nicely by the panelists. On behalf of the **KIET Task Force, Dean SW, Dr. Satish** proposed the vote of thanks. The event was moderated by **Dr. Pushpendra** and **Dr. Prateek Gupta**.

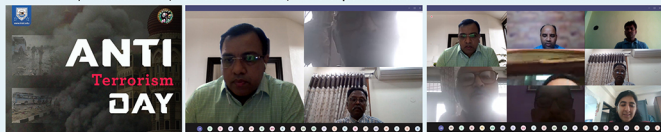

Celebration of Anti-Terrorism Day on 21st May 2021 @ MS Team.

"Terrorism has no religion, and only causes disruption is what the National Anti-Terrorism Day reiterates"

Anti-Terrorism Day is observed on **May 21** in India with an aim to mitigate terrorism, promote national harmony, and unity among people of all caste, creed, and sex. On this day, **May 21, in the year 1991**, the former Indian **Prime Minister Rajiv Gandhi** was assassinated; a brutal act of terror that left the entire country shocked and aggrieved. Anti-Terrorism Day strives to spread information on such cogent issues and echoes that terrorism can be dealt with fortitude, determination, and solidarity. It raises awareness regarding the practice of systematic radical influences on forthcoming generations that seem to be the genesis of terrorist activities. Sacrifices of brave soldiers, who fought with all their might till their last breath to oppose terrorism, are also remembered on this day. Hence an **oath-taking ceremony** was organized on this day in **online mode on MS Team** with the objective to uphold the tradition of **non-violence, tolerance, maintain social harmony, and stand against all forms of terrorism**.

The **Director, Joint Director, Deans, HoDs, faculty, staff, and students** of all the departments took part in the oath ceremony enthusiastically. **Dr. Satish Kumar, Dean Student Welfare, KIET Group of Institutions** administered the oath to all attendees.

<< WEBINARS >>

KIET E-Boosters, a peer-to-peer learning initiative by the **Department of Humanities and Social Sciences** is really excited to invite you to become a part of an interactive session **'The Solution Room'** with your immediate seniors placed in various domains including core engineering works, sales-marketing and IT in various reputed firms. Keep all your queries and doubts noted and ask freely in this easy-going fun session.

An HSS Department Initiative

E-BOOSTERS

20TH MAY, 2021
3 PM - 5 PM

THE SOLUTION ROOM

An online session with our immediate seniors on how to get placed in this covid era.

Department Placement Cell-ME has successfully organized a workshop on **"Unleash the Hidden Power of LinkedIn"** on **15th May 2021**. A total of **150 participants** have attended the workshop. It was well appreciated by students as well as the faculty members who have attended.

<< KIET INITIATIVES >>

The COVID-19 pandemic has led to a dramatic loss of human life worldwide and presents an unprecedented challenge in many ways. This outbreak is tough time for all of us, but with our collective efforts, we can surely make a difference. Now is the time for global unity and support, with this objective **Team Uddeshhya** requests you to step forward and join hands amidst this worsening covid-19 situation. Fill out the form with the details of any person in your knowledge who has been infected with corona and has become corona negative after infection and is willing to donate plasma. Or you can also **WhatsApp/text** us for any verified leads or resources regarding **plasma donors/oxygen cylinders/hospital beds/remdesivir injection/other medicines** required for covid patients in any city.

In recognition of our ongoing commitment to excellence, **KIET Group of Institutions** raised the banner of excellence by grabbing "Excellent Institute in Skill Development Programs" award in recognition of best work done in Education & ICT arena announced during 16th National Education Awards 2021, 6th Education Excellence Awards 2021 along with International Conference & Awards on Digital Transformation of Education: Road towards SDG 4 organized by CMAI Association of India, live during World Summit on the Information Society (WSIS) - A United Nations event held on 6th May'21 virtually. We extend our heartiest congratulations to all those who have guided, shaped and sustained the Institute in its evolution.

Mr. **Amishu Saxena**, Asst. Prof. (Humanities & Social Sciences), **KIET Group of Institutions** has shared his thoughts on 'Communicating with a Covid + individual' wherein he has very specifically mentioned the right mix of words we should use while we communicate with those who are affected at unrest due to this unprecedented phase.

<< AWARDS & RECOGNITION >>

To set the benchmark of success in receptive skills, **KIET faculty members Mr. Naresh Chandra, Dr. Nitin Saxena, and Ms. Neha Gupta** have been awarded the Appreciation Certificate for "Excellent Reading Habit" on the **Nalanda consortium platform (MyLOFT)** by **Dr APJ Abdul Kalam Technical University, Lucknow**. MyLOFT (My Library On Fingertips) is an app for accessing, organizing, and sharing digital content and e-resources introduced by AKTU. It allows users (You all) to download content and save it for offline reading, anytime, anywhere. **KIET Group of Institutions** facilitate all faculty members to enrich themselves with this opportunity by making maximum use of **MyLOFT**.

<< KIET MILESTONES >>

The foundation of any great organization is rooted in its services. It is the nurturing force that fuels all growth. KIET is grateful to Engineering brands for unlocking the opportunities for our hard-core engineers. We are fortunate to embrace the passion of everyone who is involved with their full dedication and dynamic work.

<< YOUNG FACULTY SPEAKS >>

"Yes I am a Teacher"

By:- Ms. Samiksha Tewari, Assistant Professor, HS&S Department

Yes, I am a Teacher. Yes, I have sworn on the Gospel of "Learning, Unlearning and Relearning" till eternity.

"Guru Govind Dono khade..Kakey lagun payen..Balihari Guru aapne..Govind diyo bataye"

The above written lines are a testimony to the multi faceted Truth of this world, that a teacher has an indubitable stature, which is even revered by the Almighty. As much as it is a matter of great pride and gratification, equal is the weight of responsibility it holds. The responsibility of one's pupils, their future, their conciseness and the society they will fabricate eventually.

Teachers are arguably the most important members of our society. They give children purpose, set them up for success as citizens of the world, and inspire in them a drive to do well and succeed in life. The children of today are the leaders of tomorrow, and teachers are that critical link that make a child ready for their future. Teachers have the ability to shape leaders of the future in the best way for society to build positive and inspired future generations and therefore design society. They can be a role model and an inspiration to go further and to dream bigger. They hold students accountable for their successes and failures too. Knowledge and education are the tools for all things that can be accomplished in life and teachers simplify the complexities of the same.

The organisations like **KIET Group of Institutions** work like a catalyst in this alchemy, with initiatives like exposure of the faculty members to unique platforms like **National Digital Library, Myloft & Nalanda e-consortium** and associations with educational giants **Viz Coursera**, motivating its students for national and international level **Hackathons**, a strong and well designed mentoring policy is an added feather in the cap of the institution, organising guest lectures of international stature to produce one of its kind individuals, who further prosper the society into the "**Utopia**" we all aspire for.

<< KIET- VAUE EDUCATION CELL >>

To give KIETians the feel and touch of Human values and professional skills at the same time KIET is came with VALUE EDUCATION CELL which Inductively Enhance your over personality.

As we can see that people lacking their values due to which they also fail to crack the job interviews even with high Technical Skills but not to worry we together come up with a solution we believe in practical approach rather than the Side hearing.

We help you to learn and grow with others and the help of Events, organized on a regular basis.

1. Develop Right Understanding By sharing the understanding of what to do (Value Education)

2. Develop Right Skills by teaching how to do (Technical Education)

Over a period of time, such value-based education can contribute to the development of a humane society. The department will contribute, through Value Education, to the world view that is required for a humane society. It Effects as development of right feelings which promote the Selflessness among people by developing cooperating and team-work nature people also learn to overcome the pressure which promote them to perform well in all situations Development of fearless, stress less and harmonic environment with right understanding and relationship among administration, faculty, staff and student in KIET family.

Development the feeling of co-existence and prosperity among self, family, society and nature through value based education.

Need of Value Education:

Education is the key determinant of how the student utilizes the skills imparted for self-centred purposes or also for broader societal & environmental good. Human education facilitates human conduct and the development of humane society, otherwise education results in inhuman conduct and degradation of society and environment. We are witness to the conduct exhibited by the students, not only here, but world-wide. Due to lack of right understanding we have reached a point where we can clearly see the results of our collective education system problems such as pollution, resource depletion, and extinction of animals, global warming, terrorism and even threats to the human race on earth.
