

KIET Group of Institutions

Annual Report **Dr. A Garg, Director**

1630 students of B.Tech, B.Pharm, MBA, MCA & D. Pharm have graduated in June 2023.

Progression History

KIET Group of Institutions (KIET) was established in 1998 at Ghaziabad (Delhi-NCR) with an annual intake of 180 students. It is an AICTE approved Institution affiliated to Dr. A.P.J Abdul Kalam Technical University (AKTU), Lucknow. KIET offers UG & PG courses in four disciplines i.e. Engineering, MBA, MCA & Pharmacy. With the glorious legacy of 25 years, the Institute now has 6800+ students and is empowered with 380+ highly qualified full-time faculty to nurture our students.

The Institute in the A.Y 2023-24, has a sanctioned intake of 2146 including all its UG & PG programs. Over the years, KIET Group of Institutions has been established as a preferred destination to bright students with 100% admissions.

Brief summary of the activities and achievements of the institute for the A.Y 2022-23:-

Academic Performance

Consistency in maintaining academic results and achieving top result in the University is one of the key strengths of KIET. The Institute is privileged to have excellent quality of students, required support of their parents and dedicated efforts of faculty which has built KIET Group of Institutions a brand in U.P.

In addition to the awards and incentives to motivate meritorious students, the Institute gives special attention to weak students through special counseling, doubt and concept clearing sessions. Meritorious students are encouraged to learn beyond syllabus through student seminars, by writing research papers for participation in National and International seminars and by taking up Industrial projects.

I am happy to state that a very vibrant and supportive academic environment prevails in the Institute that enables all sections of its students, staff and faculty to develop and realize their full potential. Institute has already adopted the format of **Outcome Based Education (OBE)** in the whole learning structure. For promoting teaching and learning beyond syllabus at institute level, many technical clubs/innovation centre are operational for skill enrichment of students.

At KIET a **N.C.C.** Army wing company of 60 boy cadets has been established under the 35 UP Battalion. Institute strongly supports financially and morally to all the activities of NCC being held in the Institute.

Institute also has well established **KIET SSB Academy** for imparting pre selection SSB interview to candidates aspiring to join Armed Forces as officers. KIET SSB Academy has excellent infrastructure. A separate training area in the Campus has complete obstacle course consisting of

KIET Group of Institutions

Progressive group tasks, Command tasks, individual obstacles and various other group testing facilities.

To ensure quality enhancement, the Institute periodically conducts the performance audit of the departments by the **Internal Quality Assurance Cell** which includes review of teaching-learning methodologies, extension activities, co-curricular and extra-curricular activities conducted during the academic year.

Intellectual Capital

I am glad to report that currently KIET has 380+ faculty members on its roll.

The institute gets glorified with the research papers written, presented and published by its faculty members. In the year 2023, 224* publications (SCI/SCOPUS) in journals and conference proceedings (National/International) by our faculty members (till *June 2023). In addition, total 335 Patents have been filed/ published /granted in the A.Y 2022-23. I would like to congratulate all those faculty members who have made their fair contribution through research publications, filing / publishing of Patents.

I feel happy to report that 11 faculty members have been felicitated with CV Raman Award for Best Researcher (Institute level) & 04 faculty have been felicitated with Award for Best Ph.D Supervisor in session 2022-23. The faculty members of KIET are its assets who differentiate it from other institutes and make it one of the best institutes in U.P.

In our endeavor to continuously improve the quality of teaching-learning process so as to make the educational journey most productive and satisfying for students and teachers both, KIET Group of Institutions has distinctive **mentor-mentee concept** to support students in pursuit of their learning, monitor and evaluate their academic performance, extend guidance and take care of their personal and emotional concerns. Also, we have mentoring system '**Induction Training**' in place for new joinees both at institute and dept. level to aid integration into the workplace and help them understand organization culture. Besides, KIET Group of Institutions regularly organizes faculty development programmes and training sessions for augmenting the technical, subject specific and soft skill knowledge of its faculty members leading to their holistic development. Also, to train our teachers and to keep themselves abreast of the latest trends and new frontiers of teaching techniques we sponsor them to attend Short Term Courses (STCs), Faculty Development Programmes (FDPs), Quality Improvement Programmes (QIPs) as organized by institutes of repute from time to time.

I would also like to share that 'Year 2022' was declared as 'Faculty Skill Development year' with an objective to train/ upgrade our faculty members through industrial training programs on specialized/ latest technologies so that students get a value addition in their learning and a budget of Rs 10 lacs was earmarked for the purpose. I am happy to share that faculty members have

KIET Group of Institutions

benefitted through these specialized training programs and propagated their learnings/ knowledge sharing sessions to students & faculty members for value addition.

I am delighted to share that Institute has a well established **Research & Development Committee**, a **collaborative Research & Development Committee** and **Departmental Research Committee** to take care of KIET Research policies & IPR policy for Patents are effectively implemented.

Beyond Curriculum Initiatives

Beyond curriculum technical clubs and centres of excellence at KIET, are the most significant assets of Institute as they act imperative to the intellectual & technical development of the students, giving them highly needed hands on experience. The Initiatives taken by Institute includes Innotech- Inter Institute Technical Fest, value added programmes, project exhibition, motivating students for doing certification courses, KIET Koders Korner - for competitive coding, participation in hackathons and skill based competitions, On-line Mock test through MOODLE, regular summer and winter schools on identified topics, training workshops & Technical sessions to facilitate them in gaining hands-on experience, industrial trainings - empowering them with requisite skills needed for employment, quizzes etc. and a dedicated team to groom our students in multidimensional areas *viz.* soft skills, aptitude building, communication and universal human values and professional ethics thereby facilitating them to confront the challenges of outside world with confidence and become a better human being.

KIET Group of Institutions encourages its students to innovate and extends all feasible support to facilitate them realize their dreams into a successful venture. Testimony to this is KIET student's involvement in **designing and fabrication of different vehicles** (at dedicated workstations) under the mentorship of faculty advisors and showcase of their innovations in National level competitions and winning accolades. Some of the Society of Automotive Engineers (SAE) events are:-

- Design and fabrication of an Electric All Terrain Vehicle (ATV) by Team Immortals (eBAJA event)
- Design of Three Wheeled Hybrid Tricycle (eco friendly) by Team Incredibles (Efficycle event)
- Design & fabrication of Formula 7 Car by Team Invincibles (SUPRA event)
- Design & fabrication of Human Powered 4 wheeled vehicle capable of maneuvering off roads as per other planets (NASA HERC event)

I am happy to share the following three verticals are successfully running to facilitate students in their learning process:

- Skill Development & Finishing School (SD&FS)
- Innovation, Entrepreneurship & Consultancy Council (IEC)
- Department of Public Relations & International Relations (PR & IR)

Placement Synopsis

KIET is consistently achieving remarkable placements with National and Multinational Corporate. KIET strives hard to bring utmost satisfaction to the lives of its students through ample placements opportunities. **Batch 2023** had excellent placement as follows:

KIET Group of Institutions

Students are being encouraged to go for post graduate studies and appear for GATE/GPAT. Every year students are performing well at National level viz. GATE, GPAT, IES, PSUs. Good numbers of students are getting post graduate admissions in IISc / IITs / NITs and in foreign Universities.

Industry Connect

Industry Connect is one of the three core principles of KIET Group of Institutions, the other two being 'Value driven' and 'Skill Oriented education'. KIET has developed distractive multi-level mechanism of its own to promote a unifying interface with Industry. Connecting academia to the Industry gives real experience to the students while studying. I am happy to report that regular interactions (Industry & Academia experts) and industrial visits were organized with an objective to keep the students abreast of latest developments and technology and to exhibit the real life applications of their learning and make them 'Do Engineers'.

To facilitate better practical understanding of new and complex engineering concepts, faculty members are also encouraged to visit industries, use ICT in their lectures by use of animations, video clips and power point slides. Significant time and resources are spent on bridging the gap between industry and academia through inviting subject matter experts, deputation of faculty to industries, industrial consultancy and job related skill training.

KIET - The Social Spirit

Along with various academic and skill development, KIET Group of Institutions ensures that the values and ethics of its members are continuously triggered and enriched. To inculcate these values, Team NSS and Uddeshya (a society of self-motivated students that works in the field of social welfare and awareness) are active, with an aim to create awareness regarding social and environmental issues and also to inculcate good moral values, ethics and positive attitude amongst the youth. Besides, team Uddeshya in association with KIET UBA cell had extended full support/undertaken various initiatives during corona period.

KIET has adopted 05 villages under its extension activities. Team Uddeshya & UBA Cell@ KIET carried out awareness programs on rural education, sanitation, Social issues - Child labour, health hygiene, Girl education etc.

KIET's spirit of developing technical resources for the nation and to serve the society through insurmountable commitment of its students & alumni is growing with each passing year. The Group instills an 'attitude to excel' in the students in whatever they do which stimulates them to realize their passion with excellence.

KIET Group is a catalyst in creating excellence in technical education. The Institute has well laid policies and procedures, well established hierarchical and organizational structure, human resource system. The Group strives hard to groom students in multi-dimensional areas so that they become confident enough to confront the challenges with confidence and contribute effectively in nation building. These all have made this Institute at par excellence.

The focus of the Institute is to get evolved as an innovative and exclusive Autonomous University with unique global standards of teaching learning experience, R&D, quality placements and entrepreneurship.

KIET Group of Institutions

It's a Great feeling that we commemorate a **remarkable milestone - 25 years of excellence** this year (i.e. year 2023) at KIET Group of Institutions. I must say Institute has witnessed a visible change & growth in every aspects be it academics, research, innovation, digitization, entrepreneurship, all with the kind support & collective efforts of team at KIET and established itself as the beacon of academic excellence and research. To continue our legacy of excellence, we remain committed to our drawn principles of excellence, innovation, and student-centric education and to equip our students with the skills, knowledge and mindset needed to thrive in an ever-changing landscape.

As we embark on the next phase of this phenomenal journey, I want to extend my heartfelt best wishes. May the next 25 years be filled with even greater achievements, groundbreaking discoveries, and the unrelenting pursuit of excellence with a committed approach.

'Dreams must be steady (Sthir). When dreams are steady, they take form of determination (Sankalp) and when you combine them hard-work, they turn into accomplishments (Siddhi) !'
