Ref. No. Ph.D. /Confirmation/II DC/ECE- NCR/482/ 2022

12.05.2023

Mr. Paramanand Sharma

Sub: Ph.D. Programme – Confirmation Order – Reg.

Ref: Report of Doctoral Committee dated 24th December 2022

I am by direction to inform you that on due consideration of the report of the Doctoral Committee on the Comprehensive Examination conducted for you on 24.12.2022 and the recommendations made thereto, your provisional registration for the Ph.D. Degree is hereby confirmed.

Having been declared passed the Comprehensive Examination; you can proceed with your Research Work. You shall submit the thesis at the expiry of the minimum period of Research under the SRM University regulations.

As per the Ph.D. Regulation, your Research Work should lead to the discovery of new facts or techniques or correlation of facts already known (analytical, experimental, hardware oriented etc.) and make a definite contribution to the advancement of knowledge. It should also demonstrate the candidate's ability to undertake sustained research and present the findings in an appropriate manner with actual accomplishments of the work plainly stated and honestly appraised during his course of research in referred journals.

With wishes,

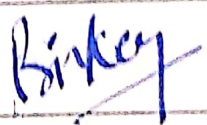

Dean, CET

Subject: Issue of Ph.D Registration No.

Dear Scholar,

I congratulate you for having passed the Ph.D Course Work Examination 2011 and your synopsis has been approved by the Research Degree Committee. We are pleased to enroll you in the Ph.D Program of Mewar University vide the Ph.D Registration No. **'MUPHD1100165'**.

You are hence requested to quote this number in all communication of the University and report to Director Research regarding your Ph.D Thesis work. You are also advised to satisfy towards the submission of all below

1. Ensuring the migration certificate has been submitted from the last institution attended
2. Ensuring against all pending requirement on your personal file
3. Ensuring payment of complete fees for Ph.D program as per University fees schedule.

Kindly note that the above mentioned Ph.D Registration Number is valid for two years from the date of issuance of mark sheet. In case of delay in thesis submission the same can be renewed with the annual charges as applicable at that time to the maximum period of five years from the date of mark sheet.

Wishing you our best on start of your research.

Sub: Completion of course of Ph D – incomplete file

This is in continuation of University's previous notice dated 14.04.2021 wherein it was informed to you that your Ph D file is incomplete and there is no correspondence from your side. The University considered the matter in its details and it was decided to give you one more chance to complete your file. You were also contacted on phone a number of times in the month of May,2021, but it was found either the number given by you is incorrect or your contact number has changed for which you have not given any information. We have given you one communication dated 26/5/21 and sent the same to you through UPC, which is also unreplied. Now, one more and final chance is given to you to complete your file so that further process may start.

It is informed to you finally if there is no reply from your side by 15th of July, it will be presumed that you are not interested to continue further with the course of Ph D and your application will be cancelled and the part fees deposited will also stand forfeited.

OFFICE OF THE REGISTRAR
MEWAR UNIVERSITY, GANGRAR (CHITTORGARH) RAJASTHAN

No. MU/Admin(Research)/2021/731

April 14, 2021

NOTICE

This is to inform that while scrutinizing the pending files for the course of Ph.D, it has come to our notice that as per rules of University the proscribed duration of completion of Ph.D course has expired. The applications are pending for one or other reasons as mentioned below:

- 1) RDC presentation
- 2) Course Work Examination
- 3) Publishing of research paper in UGC approved journals
- 4) Submission of thesis with plagiarism report etc.

The scholars have not contacted the University also for long period, which shows lack of their interest in doing Ph.D. The Management of the University has sympathetically considered the whole issue and decided to give one final chance to such scholars and in order to avail final and mercy chance, the interested scholars may get their registration renewed by 31th May 2021. For renewal of pending application the scholar may visit our website www.mewaruniversity.org and contact the University representative Dr Nikhil Garg (M:9929517239), or Mr Brahampal (M:9811755178)

The interested scholars will have to deposit renewal fee of Rs. 100000/- by 31th May 2021 along with renewal application. The renewal fees may be deposited either through cash by challan or through online transfer in the name of Mewar University, the details of the bank are as under:

HDFC Bank Ltd. Chittorgarh Branch
Address: Meera Market, Chittorgarh
Bank A/c No. 07861450000093
IFSC Code HDFC 0000786
MICR Code 312240002

On receipt of the application for renewal along with requisite fee of Rs. 1 lac, the scholar will be given permission to complete the Ph.D Course as per UGC and Mewar University Norms in time prescribed by concerned authorities.

This is also informed that if there is no response from any such scholar by 31th May 2021, it will be presumed that they are not interested in completing the course of Ph.D, and their registration will stand cancelled and any part fees deposited will also stand forfeited.

INTRODUCTION

Graph theory is branch of mathematics, which has becomes quite rich and interesting for several regions. In last three decades thousands of research article have been published in graph theory there are several area of in graph theory which have reserved good attention from mathematician.

Graphs are very convenient tool for representing the relationship among objects, which are represented by vertices. In their term relationships among vertices are represented by connections. In general, any mathematical objects involving points and connection among them can be called a graph are a hyper graph as well as an interval graph corresponding to an interval family I. For a great diversity of problems such pictorial representations may lead to a solution. For example data basics map coloring web graph, physical network, and organic molecular as well as less tangible interactions occurring in social networks in a flow of a computer program.

The database of graph invariants introduced in this report can be seen as a way to automatically generate necessary conditions for global constraints that can be described in terms of graph properties. The database of graph invariants can be enriched incrementally and systematic experiments can point out missing graph invariants. Finally, as demonstrated by our experiments on the group and the change continuity constraints.

In fact, when for a given global constraint, both representations are available. We can, without developing any specific code, get a filtering algorithm that takes advantage of both representations.

Using graph invariants is especially useful when a global constraint mentions more than one graph property in its description. In this context, these graph properties involve several graph characteristics that cannot vary independently.

In fact, a network is a useful general concept which helps us to solve a wide range of practical problems. As well as using the term in the above sense, we shall also use it in the following specialized way. We think of a network as a graph or digraph which carries some additional information, the nature of which will become apparent as we look at some examples. Essentially, network is a graph or digraph in which each edge or arc assigned a number, called the weight. Each arc represents a possible channel for some kind of flow, and its weight gives some information about the flow along it. This may be the capacity - that is,

Subject: Request to grant the permission to choose the KIET Group of Institution as a Work Place for Ph.D.

Sir,
Respectfully, this application is to inform and request you that I (Shahnawaz Ansari S/o Late Niyaz Ahmad Ansari) am the alumnus of Dr. APJ Abdul Kalam University, Lucknow (formerly, Uttar Pradesh Technical University, Lucknow). I have done Graduation and Post-Graduation in domain in Electronics and Communication Engineering in 2009 and 2019 respectively from the University cited above.

Now, I have been enrolled for doctoral programme i.e. Ph.D under the same university. In this context it is required to choose a Work Palace for Ph.D.. KIET Group of Institution has always been a renowned and quality ensured place for imparting education and knowledge in various field of academics.

In view of above, it is kindly requested to consider the request of undersigned to grant the permission to choose KIET Group of Institution as a Work Palace for pursuing Ph.D.

Thanking you,

Yours' Obediently,

Shahnawaz Ansari
