

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

Visit us @ www.kiet.edu

1. Professional Engineering discipline that generally **deals with the study and application of Electrical, Electronics and Software Engineering.**
2. **Required in almost every sector**, whether it is public or private.
3. With **the rising need of electricity and energy requirements** the **demand of Electrical Engineer** has risen up.
4. **Electrical and Electronics Engineering** graduates can go for **Software Engineering Jobs, Core Electrical Engineering Jobs, State Government or Central Government Jobs.**

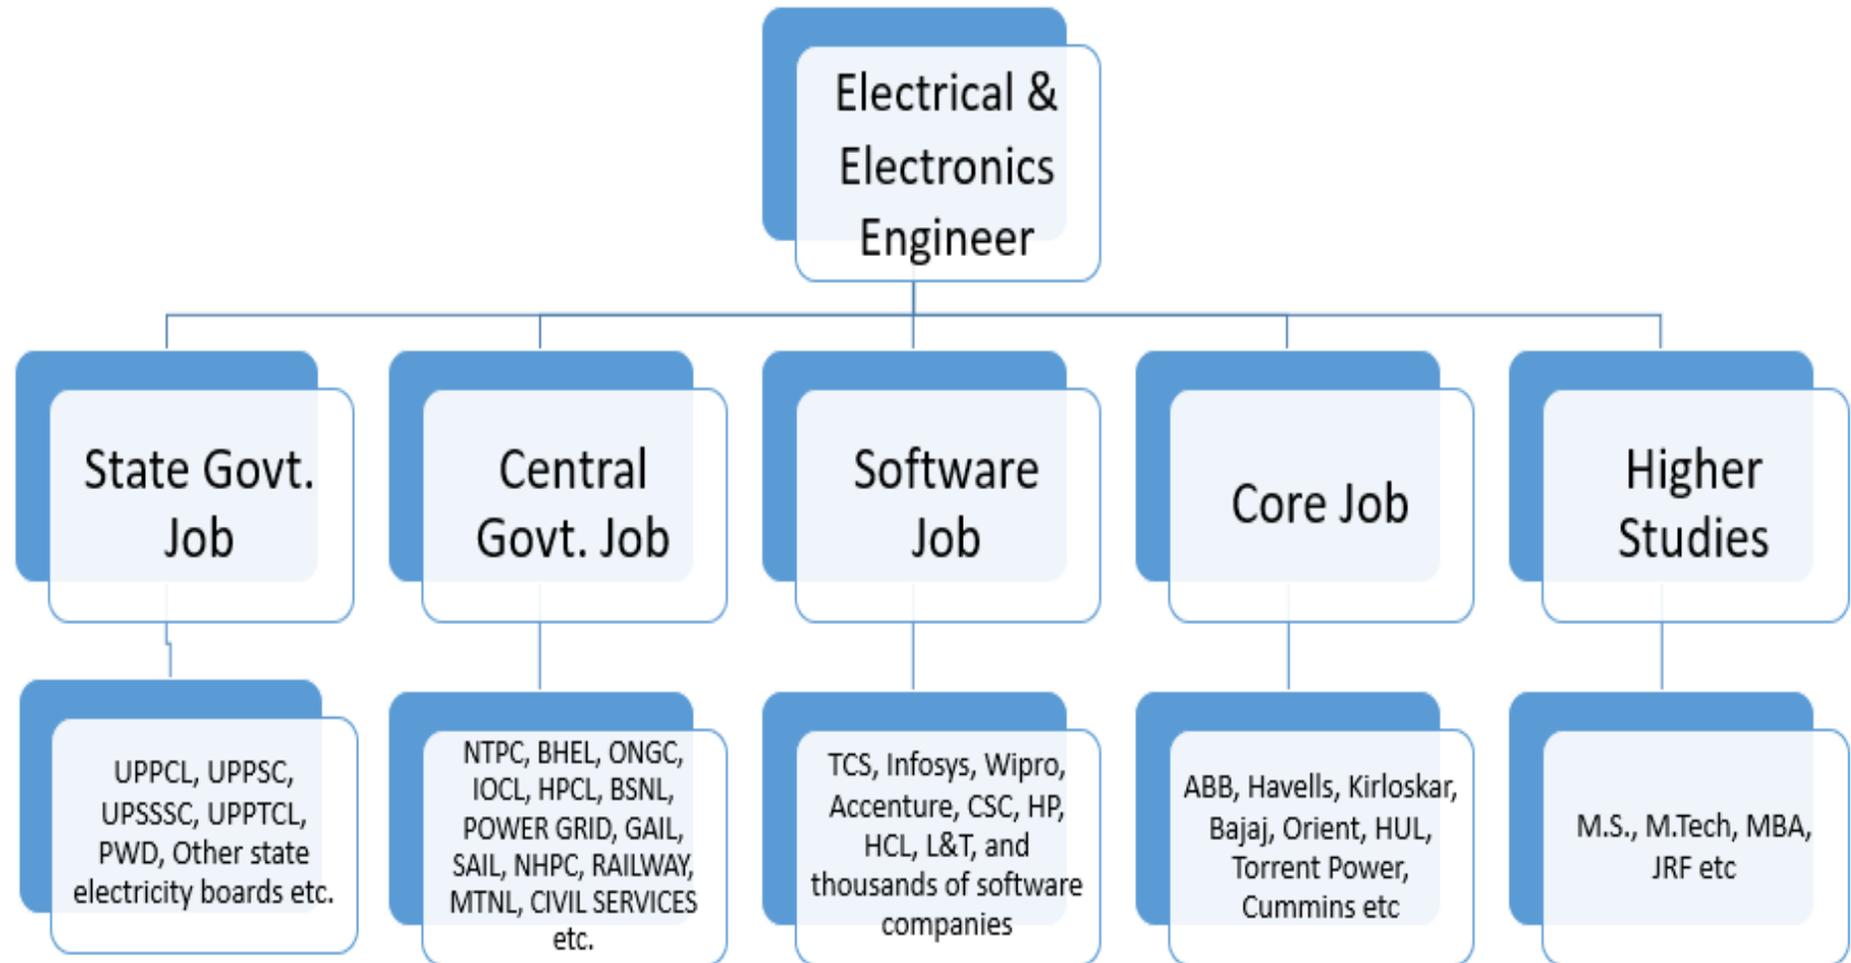

Achievement

- 1. Electrical and Electronics Engineering student Ms. Diksha Singh of 2012-16 batch secured All India 27th Rank in IES Exam 2017.**
- 2. 3rd year Electrical and Electronics Engineering students participated in a technical event “TECHNEX-2017” held at IIT BHU and secured 2nd position in PLC competition**
- 3. 04 Students of Electrical and Electronics Engineering Branch received a Grant of Rs 20,000/- for the project “Application of IOT in Solar Energy Analytics” under CST-UP Engineering Students Project Grant Scheme.**
- 4. Dev Vrat Arya , Bharat Raj Singh and Sachan Prusty of Electrical and Electronics Engineering department got admission in one among the top universities of world for higher studies.**
- 5. Team “GREAN ASHA” of Electrical and Electronics Engineering students stood first in Innovations in Manufacturing Practices conducted by Techkriti, IIT, Kanpur and received a Prize of Rs 1,00,000.**
- 6. Team “DEVELOPERS” led by Electrical and Electronics Engineering students secured 2nd position in EngiNX 2016- TCS – an Engineering Design Innovation Contest at TCS, Bengaluru**

- Abhimanu Bhagat** of Electrical and Electronics Engineering 3rd year, contributed significantly to SAE KIET Collegiate Club won of their project “**AIAA Neil Armstrong Best Design Award**” in the College /University division in **NASA’s 25th annual Human Exploration Rover Challenge** at the **US Space and Rocket Centre in Huntsville, Albama (12-13 Apr’19)**.

Career Perspectives

Brief Success Stories

Name: Kunwar Abhay Singh

Course: B.Tech (Electrical and Electronics Engineering)

Designation: Assistant Manager

Organization: Securities and Exchange Board of India (SEBI)

I am feeling privileged to tell you that I have been selected as Grade A Officer in Securities and Exchange Board of India (SEBI) Govt. Of India, which is one of the top organizations of our country which regulate India's economy and financial market along side Reserve Bank of India (RBI), with AIR 19.

As any success is an outcome of past learnings am thankful to my department which taught me professionalism and helped me to be better prepared for life challenges.

.

Brief Success Stories

Name: Anoop Jain

Education: B.Tech (Electrical and Electronics Engineering)

PhD (2012-2017) and M.E. (2009- 2011)

from IISc, Bangalore

Lady Davis Postdoctoral Fellow,

Faculty of Aerospace Engineering

Technion-Israel Institute of Technology, Israel

Current Position: Assistant Professor, IIT Jodhpur

I recall my wonderful past four years (2005-2009) at KIET towards my undergraduate studies at the Electrical and Electronics Engineering Department. I really learnt a lot in these four years @ KIET from my teachers and friends on both academic and personal levels. It gives me the pride to thank Neeraj sir and Jyoti ma'am for their continuous support and motivation, which helped me a lot to shape my future journey. Although many things have changed over time, it gives me a great feeling whenever I visit my Alma Mater and recall such a wonderful time with my teachers and friends. In the past few years, KIET has achieved global attention due to its excellence in research and technology, and I feel proud to be a part of this community.

Brief Success Stories

Name: Abhay Pratap Singh

Course: B.Tech (Electrical and Electronics Engineering)

Designation: SDO

Organization: Uttar Pradesh Power Corporation

Location- Gorakhpur

I would like to thanks all the faculty members for their support and sincere guidance throughout the journey of 4 year and KIET gives me the essential platform to achieve my goals.

Brief Success Stories

Name: Saransh Bansal

Course: B.Tech (Electrical and Electronics Engineering)

Current Role: Student at Symbiosis Institute of

Business Management, Bengaluru(M.B.A)

Former: Programmer Analyst at Cognizant Technology Solutions

KIET is one of the leading Engineering institutes in Uttar Pradesh. I am glad that I had my professional foundation built in KIET(2010-2014). The learning at this institute was tremendous be it personal or technical education, it has always added values in my life and career. The pedagogy, peer learning, cultural activities, workshops and projects are some of the key features of Electrical Engineering department and apparently of KIET as well. Also the idea of alumni interaction on regular basis is wonderful and today even after 5 years of pass out from the college, still I feel attached to the college

Brief Success Stories

Name: Yash Mathur

Course: B.Tech (Electrical and Electronics Engineering)

Organization: Panasonic Life Solutions India Pvt. Ltd

Designation: Sr. Engineer-Manufacturing

KIET has played an instrumental role in shaping my present as a successful professional in the industry.

Throughout 4 years of engineering, Electricals and Electronics department not only provided the necessary technical knowhow but through the holistic teaching practices contributed in my 360 degree development technical vis a vis personal.

By providing ample opportunities in perhaps every perceivable sphere be it technical learnings, soft skills or sociocultural skills, I wish KIET continues to generate qualities necessary to stand out in the current competing scenario.

Proud to be an alum of such premier institution.

Brief Success Stories

Name: Love Jain

Course: B.Tech (Electrical and Electronics Engineering)

Designation: AM - Business Development

Organization: Icon Resources, Singapore

Thank you for this wonderful initiative and for providing us with a wonderful platform to share our memories with KIET and EN department in particular.

It is often believed that your Alma Mater goes a long way in shaping the course of your entire career. KIET provided an ideal platform for me to learn, lead and grow in my future endeavors.

I would like to take a moment to acknowledge the hard work of all our Professors, Faculty and Support Staff of EN department in their relentless pursuit to make every student excel in their careers. The wonderful 4 years at KIET will forever remain very close to each and every alum's heart.

Brief Success Stories

Name: Shikha Saini

Course: B.Tech (Electrical and Electronics Engineering)

Designation: IRSEE(P) (IES)

Organization: Indian Railways

This is Shikha Saini, ALUMNI 2012 (B.Tech, EN ,2008-2012).I wish to describe my journey of four years in EN,KIET.I joined KIET, one of the top 5 college in year 2008 of UPTU with great expectation and what I got after completing my graduation was much more than what i have expected in first year. This was all due to the conducive environment of KIET.I would like to give details of my Journey Year wise...

FIRST YEAR- Support from faculty in understanding the curriculum of Engineering and study pattern is immense and outstanding in first year and the transition from school life to college life was smooth.

SECOND YEAR- This was the year when I was introduced to the core syllabus of the branch which i have selected. One thing which i want to emphasise here is, that selection of EN instead of EE by college administration is very wise decision as, syllabus of EN(and not EE) matches with question level of reputed exams like CSE,ESE etc.

THIRD YEAR-In this year too, Faculty support through theory and practicals helped me to enhance further my grip on core subjects.

Contd..

Brief Success Stories

FINAL YEAR- During this year, selective subjects like wireless communication, Renewable energies and resources, Digital Signal processing, Satellite Communication, Neural networks and artificial Intelligence etc. gave glimpse to the wider application of Electrical and Electronics. My Final Year project of " Hardware Implementation of ZSI" was the latest topic under research at international forum too, as first IEEE paper on it was published in year 2002 by Mr. Feng. Apart of Academics, life at KIET is full of technical and cultural fest.

PLACEMENTS- Almost everyone of my batch was landed with Job in reputed firms like Cummins, Kirloskar, Tata Motors, Wipro, Infosys, TCS etc. with good packages. Wide exposure to Interview and placement tests prepare one for facing interview at other wider platforms too.

All in all, sincere efforts of four years, professional grooming in Final year Placement months, conducive environment of college and support and guidance from esteemed faculty landed me with the courage to not only clear the reputed exams like BARC, SJVNL, ESE but also to get the reputed service of IRSEE, in Indian Railways where I am presently working as Assistant Divisional Electrical Engineer, Vadodara Division, Western Railways, Gujarat.

I want to extend my deep gratitude and sincere thanks to esteemed Faculty of KIET and my Colleagues, under whose able guidance and in whose company, I blossomed. I wish that more laurels and honours are brought by current students to my Alma Mater KIET.

Brief Success Stories

Name: Anurag Singh

Course: B.Tech (Electrical and Electronics Engineering)

Designation: Systems Engineer

Organization: Infosys

Currently, I am working in Infosys as Systems Engineer in Mumbai. I handle Data Migration for Bank of Baroda E-banking project. Lot of things changed just after college. But overall, it was for good.

About college, that 4 years were best days of my life. The one professor about whom I still talk with my friends is Dr SKT Sir!

Well, he scolds the most, but in end we all loved him the most. Being alumni of one of the top most college of Delhi-NCR, I really feel very proud to be part of it and I would love to see it become one of the best college in India in coming years.

Brief Success Stories

Name: Arnab Banerjee

Course: B.Tech (Electrical and Electronics Engineering)

Designation: GET- Electrical

Organization: Continental Carbon

KIET has played a major role in my life for letting me be what I am today! Not, only did it give me memories to cherish upon throughout my life but also lessons which have made me a complete industry fit tackling daily tasks with ease and calmness.

I am currently working as GET-Electrical in the world's 4th largest Carbon Black Manufacturing unit "Continental Carbon India Limited" a part of CSRC group, Taiwan. I look after the maintenance and operations of 75,000 mt production unit and 15MW WHRPP at CCIL, Ghaziabad unit

Brief Success Stories

Name: - Siddhartha Tyagi

Course: - B.Tech (Electrical and Electronics Engineering)

Designation:

Organization: - Patanjali Ayurved Ltd. Haridwar

I completed my engineering in Electrical and Electronics branch 2016 and I feel very proud to be a part of KIET. KIET is one of the best private college of Delhi NCR.

I feel very proud to be a part of EEE Department of KIET and specially thanks to our faculty of EEE.

Brief Success Stories

Name: - Rakesh Shahi

Course: - B.Tech (Electrical and Electronics Engineering)

I envisioned KIET as the perfect place to attend college. I studied Electrical and Electronics Engineering at KIET, and presently I am working as Deputy Director, Petroleum & Natural Gas Regulatory Board, a regulatory body in Oil and Gas Sector in India like SEBI in finance sector and TRAI in telecom sector.

At PNGRB we formulate Regulations, guideline and policies to support competitive development of Natural Gas sectors /Petroleum Product sector &City Gas Distribution Network in India. Prior to joining PNGRB, I worked for GAIL (India) Ltd. as Manager (Projects Execution). At GAIL through technology and innovation, we are executing major capital projects designed to yield decades of energy. I have been able to extensively use my Engineering skills of power system- Transmission and Distribution, Electrical Machines and Power Electronic drives that I gained from my course. The learned faculties at KIET had not only taught me the basics of engineering but they taught me also to “how to learn” and “learning is a lifelong process”. They taught me to evolve by continuous learning process which no one can teach you anywhere other than KIET. These skills have provided successful transition into my role which involves diligent completion of India’s biggest size Natural gas pipeline projects within record time and optimized cost.

Brief Success Stories

Name: - Harsh Gupta

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - LIS, Systems Support Analyst

Location: - Christchurch, New Zealand

KIET is one of the most preferred destinations in North India Region and I feel very proud to be the part of KIET. Mine was the first batch of KIET.I had taken admission in EEE Department in 1998 and received the technical knowledge and value based education from there which lead me to a successful life. The 4 years journey of KIET will always be the most memorable and life changing experience for me.

Brief Success Stories

Name: - Ajay Kumar

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Agni Automation and Security Entrepreneur

I completed my engineering in Electrical and Electronics branch and I feel that KIET groomed me technically and professionally, because of my education in KIET, I am able to put up my technical thoughts in front of senior officers of UPPTCL and in Ministry of defence.

We are executing several type of technical work because of the efforts of our beloved teachers...feel very proud to be a part of EEE Department of KIET.

Brief Success Stories

Name: - Gaurav Aggarwal

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Innodata, Technical Lead

My degree from KIET has given me the potential and confidence to take up my career. The Electrical and Electronics Engineering department gave me a strong foundation level to pursue challenges in different levels. The strategic problem solving, application of logic and reasoning in the lab classes has helped me progress in a wide perspective. A degree in electrical engineering can allow you to pursue a job in almost any industry you can think of.

I am presently working as technical lead, Innodata, Noida. I also worked with HCL and Infosys.

My advice for students who want to consider taking up Electrical and Electronics Engineering would be that, they must always participate on all activities, project-related assignments, workshops etc.

I shall always be thankful to God for enabling me to give this wonderful opportunity of graduating from KIET.

Brief Success Stories

Name: - Himani Srivastava

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Accenture Solutions Pvt. Ltd.

Designation: Software Engineering Analyst

KIET is one of the Premier Institute of Uttar Pradesh. It is among the Top 5 Private Engineering Institutes of UP. I feel very proud to be the part of the institute which has been the changing phase of my life. I learned the technical as well as value based education from there which helped a lot in my career and a successful life. It has been a great 4-year journey in the college making various memories all though its path. It is one of the most memorable journeys of my life and I will cherish it forever.

Brief Success Stories

Name: - Sahil Jain

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Genix Lite Solution (Partner)

Location: - Mayur Vihar, Delhi

KIET is one of the premier institute of North India region ,started my engineering in electrical and electronics branch and I feel that KIET is an institution who taught me how to deal with the situation and I feel very proud to be a part of KIET. I got the technical and value based education from there which lead me to a successful life so therefore after engineering I helped myself in starting my own company 'GENIX LITE SOLUTION'(Manufacturing of LED lightning products and developing solar solutions) .It has been a great milestone of my career. These 4 years journey of KIET will always be the most memorable, wonderful, marvelous and life changing phase of my life.

Brief Success Stories

Name: - Ankit Dubey

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Reliance Jio Infocom limited

Designation: - Assistant Manager

Location: - Chandigarh, Punjab

The deep faith in the dictum “One’s own reaction to, observations about and understanding of something are more important than someone else’s opinion about it.” became the cornerstone of Krishna Institute of Engineering and Technology , and this cherish conviction inspired and guided me.

I am extremely grateful to the EEE Department, management and staff of KIET for their tireless efforts to ensure a bright and prosperous future for us.

Brief Success Stories

Name: - Abhay Gupta

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - Hindustan Unilever Limited

It's been a great and wonderful 4 year journey with KIET in EEE Department. The department has wonderful Faculty and staff and they are helpful & co-operative with students. Training and placement cell is awesome. With the help of department and T&P cell, I got placed in HUL with good package. I'm very grateful to be the part of KIET especially EEE Department of KIET.

Brief Success Stories

Name: - Aayush Shukla

Course: - B.Tech (Electrical and Electronics Engineering)

Organization: - AVL Technical Centre, Gurugram

Designation: - Power Train Engineer

I studied Electrical and Electronics Engineering at KIET, graduated in 2018 and presently I am working as Power Train Engineer at AVL Technical Centre, Gurugram. AVL is the World's largest independent company for the development of power train Systems with internal combustion engines, electric vehicle development as well as instrumentation and test systems.

I at AVL work at Hybrid and electric vehicle department. Taking projects of multiple Big Automobile giants such as Mahindra, Maruti Suzuki, BMW etc.

I was given this opportunity at AVL because of my profile which I had build during my college days. In my four years I Started a club named KIET Electric Vehicle Club (KeV Club). In which our team successfully made KeV First Leaf (Solar e-rickshaw) which got appreciation from various renowned personalities of various universities as well as from Union Minister of MSM.

Under the Guidance of Prof. Ashish D. Thombre, Prof. Anmol Gupta, Prof Arvind Kumar Sharma, Prof Jyoti Srivastava and few others, I learnt a lot and excelled in what I desired to be. KIET gave me a platform to express myself and has played a very important role in my Success.

Brief Success Stories

Name: - Amishi Gupta

Course: - B.Tech (Electrical and Electronics Engineering)

Organization:- Genpact

Designation: Software Quality Analyst

I completed my graduation in Electrical and Electronics Engineering from KIET college, one of the best private colleges in the state(UP). I am currently working as an IT professional. Looking back, it's been 4 years I passed out of college and KIET has helped me grow technically and professionally. The faculty of EEE dpt. was always helpful throughout college. The technical and extra-curricular activities organized by the EN department have always encouraged us to develop skills and ability to face the industry post college. The constant efforts of the faculty and management of KIET helps the students to learn and grow better. I will always cherish being a KIETan.

Brief Success Stories

Name: - Rashi Chaudhary

**Course: - B.Tech (Electrical and Electronics Engineering)
Master of Science in Green Technologies**

University: University of Southern California

Organization:- USC Viterbi School of Engineering

Designation:- Research Assistant

Email: rashicha@usc.edu, rashich.2@gmail.com

LinkedIn: <https://www.linkedin.com/in/rashichaudhary>

Thank you for considering me to improve KIET's learning experience.

As a part of my major (Green Technologies), I study diverse aspects of sustainability like Engineering, Environment, Energy, LEED buildings, Policy, Business and many more. I am closely involved in Sustainability Reporting projects with my professors.

I would be happy to help KIET **Electrical and Electronics department** regarding sustainability field.

Brief Success Stories

Name: - Aditi Singhal

Course: - B.Tech (Electrical and Electronics Engineering)

Organization:- Qualcomm, California

Designation:- RF Product Development Engineer

Location:- San Diego, California

Email: aditi.rke@gmail.com

I hope you are doing well.

I completed my Master of Science from San Diego State University in May 2017.

I would be glad to help the juniors in whatever way I can.

Brief Success Stories

Name: - Harsha Mathur

**Course: - B.Tech (Electrical and Electronics Engineering)
M.S. (By research) final year student in**

Control Systems Engineering

University/Institute: IIT Mandi

Organization:- Dover India Innovation Center, Bangalore

Designation:- Control Systems Engineer

Email: harshamathur92@gmail.com

Thanks for the wishes.

Its all because of your teachings that all of us are at a good place now. I am ready to provide help to the juniors and the department. Please feel free to contact me anytime.

Brief Success Stories

Name: - Mohd. Kashif

Course: - B.Tech (Electrical and Electronics Engineering)

Organization:- UnitedHealth Group, Noida

Designation:- Data Science and Analytics

Email: mohmdkashif@gmail.com

Really glad to hear from you. Would love to share the information if it helps my juniors or Alma mater in any way. Above are the details asked:

Let me know in case of any concerns.

KISHAN KUMAR

Study:- M.Tech in Systems and Control Engineering
Institute/University:- IIT Bombay

I am very grateful for all the learning and experience i received from my Alma mater. I will be very lucky if my experience and knowledge will help my juniors in achieving their endeavors

SAURABH SHARMA

Working:- Technical Content Writer at
ENCOD Pvt. Ltd.

Email: saurabh@energydais.com

***Thank you for reaching out. It is always good to hear from one's alma-mater.
I can present a quick aerial view of my professional journey:***

- Worked in the capacity of a Graduate Trainee Engineer, Renewable Division, at Mohan Energy Pvt. Ltd. for 10 months;
- Worked in the capacity of a Creative Content Writer at Boostnet Pvt. Ltd.
- Currently working as a Technical Content Writer at ENCOD Pvt. Ltd. (sister company of Geo-tec International Pvt. Ltd.)

NARENDRA KUMAR YADAV

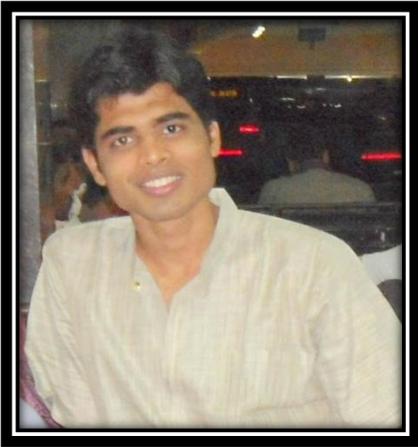

**Company: ANDRITZ India
(An Austria based MNC)
A-24/3, Mohan Cooperative Industrial Estate
110 044 New Delhi / India**

It's real pleasure to hear from you and appreciate your concern for aspiring engineers.

I had worked with several Power sector companies like ABB Ltd, Tata Power, Andritz Hydro and GE/Alstom Power in my carrier span of more than 10 Years. Having more than 10 years of experience in Electrical systems of Hydro Power, Power Distribution, Substations, Earthing system and other related systems.

I too feel that the gap between Industry and Institutions need to be filled. Kindly approach me anytime if any kind of support is required from my side.

ANKUR KUSHWAHA

Company: Syndicate bank

Designation: Manager

Email:- ankur.kiet1@gmail.com

Glad to hear that as usual our department is going to make such great initiative.

Currently I am working as Head of Government Business department at a Syndicate bank designated as Manager. Apart from this I am also working as mentor and faculty at our bank's training center.

Looking forward to contribute to our department.

Brief Success Stories

SANCHIT GOEL

Company: PepperScript

Email:- sanchit@pepperscript.com

Thank you for reaching out to me for affiliation. I will be more than happy to associate with the department and the college in general. There is no greater feeling than coming back to the Alma Mater.

Currently, I am in the business of book publishing and creatives which can be together placed under the hood of Media. PepperScript is a book publishing company based in New Delhi, established in early 2013 and is promoting new aspiring writers via innovative publishing concepts and futuristic methodology. Onomatopo, formerly known as PepperScript Comics, a sister concern of PepperScript offers creative design services to corporates and individuals, and startups.

I am conveniently reachable on this email and the undersigned number. Thanks again and I wish the batch the very best.

Brief Success Stories

AAYUSH RASTOGI

Study:- Master of Technology in Construction Technology and Management
Institute:- National Institute of Technology Karnataka
Email:- aayushrastogi13@outlook.com

I am grateful for your concern towards our juniors in their future endeavour.

I am Pursuing M.Tech under **Build India Scholarship** program of **Larsen and Toubro Limited**. Afterwards, I'll be absorbed in the company as a Senior Engineer in Power Transmission and Distribution IC.

This scholarship is given annually to fresh 60 B.Tech. passouts (20 Electrical+ 40 Civil). It consists of a written test conducted all over India and the selected students are called for interview. During the duration of the course, the company provides a stipend of Rs. 13,400 monthly.
