DOJO KARATE MARTIAL ART CLUB OF KIET

The 'Dojo Karate Club of KIET' was first introduced as a hobby club only but soon after its inception we starts focussing on every aspect of Karate be it KATA or KUMITE. Now, Karate is taught not only for a technique of self-defence but as a way of living also that gives eternal happiness at each moment because behind this there is a full human body and complete science of life. To understand anything related to the human life and body we need full concentration which can be achieve by Karate training. Without using any weapon, by body movements like KATA and KUMITE increases the energy booster hormone called adrenaline present in human body and we regain enthusiasm at any age. It also increases a chemical called dopamine which is created by our brain cells, which makes you feel very happy. By any physical activity it can happen to some extent but only by the motivation of karate's movements which needs a great courage and concentration we can feel inner peace and happiness. For the sake of self-defence, there are many other types of arts in the world, each of which has different characteristics, but whole the body can only be used as a weapon in karate. Activities performed by the 'Dojo Karate Martial Club of KIET' from Jan'19 to July 2019 are:

1. District Karate Championship 2019
2. First Inter district Shotokai Karate Cup 2019
3. Epoque Karate Activity 2019

KIETMUN: MODEL UNITED NATION SOCIETY

Model United Nations (MUN) is a student simulation of the proceedings of the United Nations. Students, referred to as Delegates, are assigned a country to represent in one of the UN's numerous committees with pre-set topics to debate. They research the background of their country, their country's position on the topics at hand, and prepare notes on possible solutions to the problems faced. Students then convene at Model UN conferences, which range in size from 100 to 5,000 delegates, to debate their assigned topics with students representing the other UN member states. Much like the real UN, the goal is to identify solutions, by negotiation and consensus, on which many countries can agree. One such conference is also held at our college every year. KIETMUN is one of the biggest and well recognized MUN of NCR. Last edition was held on 9th & 10th of March, 2019 in which total participants from our college were 200, from other colleges of DELHI NCR including delegation from ARSD College were 80, from Jaypee 62, JSS and Amity 128. In which there were four committees: United Nations General Assembly (UNGA), United Nation Commission on Status of women (UNCSSW), United Nation Environment Programme (UNEP) & Lok Sabha. Total cash prize given to all delegates was Rs. 40,000/-. Each committee had: 1 Best Delegate, 1 High Commendation and 3 Special Mentions as winners.
