• *Frequently of the Board Meeting and Academic Advisory Body*

Board meeting is held twice in a year and Academic Advisory Body meeting is held annually.

Nature and Extent of Involvement of Faculty and Students in Academic Affairs/Improvements

KIET Group of Institutions fosters significant faculty and student involvement in academic affairs and improvements. The institution's autonomous status empowers faculty to actively participate in curriculum development, aligning it with industry demands and incorporating the latest academic trends. This autonomy facilitates swift adaptation and innovation in teaching methodologies.

KIET Group of Institutions actively involves faculty and students in academic affairs through curriculum development, research activities, entrepreneurship initiatives, and skill development programs. This collaborative approach ensures that the institution provides a high-quality education that is relevant, innovative, and prepares students for successful careers.

The establishment of nearly 10 Centers of Excellence (CoEs) provides a platform for faculty and students to engage in cutting-edge research, fostering a culture of innovation. The CoEs, equipped with state-of-the-art infrastructure, encourage collaborative research projects and provide opportunities for students to gain hands-on experience.

The institution's strong emphasis on research is evident in the growing number of publications, patents, and citations, demonstrating the active involvement of faculty and research scholars in contributing to the advancement of knowledge.

The In-House Technology Business Incubator (TBI-KIET) further promotes student and faculty engagement by fostering entrepreneurship and innovation. The TBI-KIET provides a platform for students and faculty to translate their research ideas into viable business ventures, thus contributing to regional economic growth.

Finally, the introduction of skill-based certification programs, in line with NEP 2020, provides students with valuable industry-relevant skills, enhancing their employability and career prospects. This initiative demonstrates the institution's commitment to providing a holistic education that prepares students for the challenges of the 21st century.

KIET Group of Institutions emphasizes holistic student development, integrating physical, mental, social, cultural, spiritual well-being, and discipline. Students receive personalized support from the institution, addressing both academic and personal challenges. Various clubs and activities, including sports, cultural events, and technical interests, offer students a chance to broaden their skills, with faculty coordinators guiding these initiatives.

The institution's student-driven clubs foster interaction between students and faculty. These include Literary and Personality Development Clubs like TEDx, KIET MUN, and Odyssey, as well as cultural clubs related to music, dance, fashion, and other creative pursuits. Students actively participate in national-level events, and these clubs create a bridge between students and faculty, promoting interpersonal skills, teamwork, and stress relief. Moreover, the institution encourages students to engage in Social and Extension Activities through initiatives like NSS and Uddeshya.

To facilitate communication, Class Representatives (CRs) regularly provide authentic student feedback through meetings with deans and the Director of Academics. An online feedback system ensures transparency. Furthermore, students actively participate in various institutional committees such as the Anti-Ragging Squad, Grievance Redressal Cell, IQAC Committee, and Online Student Counseling Portal (Your Dost), helping ensure smooth governance and addressing student concerns.

To enhance industry-readiness, **KIET Group of Institutions** operates Centre's of Excellence and departmental clubs focusing on advanced technologies such as Blockchain, Machine Learning, IoT, AI, Cyber Security, and Data Science. These platforms assist students in final year projects, internships, and skill development.

The statutory bodies, as outlined by the University Grants Commission (UGC), play a critical role in ensuring academic excellence, maintaining quality standards, and fostering a transparent governance structure in higher education institutions. These bodies are responsible for guiding the institution in line with national regulations, ensuring accountability, and supporting the continuous improvement of academic and administrative processes. Below are the roles of the statutory bodies as prescribed by the UGC:

Roles of Statutory Bodies (as per UGC Guidelines)

1. Academic Council:

- The Academic Council is responsible for overseeing the academic policies and curricula of the institution. It approves course structures, syllabi, and regulations concerning academic matters.
- It plays a key role in setting academic standards and ensuring that teaching, learning, and research activities align with the vision and mission of the institution.
- The Council reviews academic achievements and suggests improvements for the enhancement of the quality of education.

2. Board of Studies (BoS):

- The Board of Studies formulates and reviews the syllabus, course content, and the teaching methodologies for specific programs and courses. It ensures that the academic programs are in line with industry standards and the evolving needs of the job market.
- It ensures that the academic content is updated regularly to reflect new knowledge, technologies, and societal changes.

3. Governing Body:

- The Governing Body (or the equivalent body, depending on the institution's structure) is responsible for making crucial decisions regarding the institution's functioning, including financial management, strategic direction, and policies.
- The Governing Body approves budgets, evaluates academic and infrastructural growth, and ensures that all activities are carried out in a manner that aligns with institutional goals and regulatory norms.
- It also ensures that the institution complies with UGC regulations and other statutory guidelines.

4. Finance Committee:

- The Finance Committee is tasked with monitoring the financial health of the institution. It prepares and approves the budget for the institution and ensures the efficient allocation of funds for academic, administrative, and infrastructural purposes.

- The committee ensures that financial resources are utilized effectively to maintain and upgrade academic and infrastructural facilities.

5. Examination and Evaluation Committee:

- The Examination and Evaluation Committee is responsible for ensuring that assessments, examinations, and evaluations are conducted as per the institution's regulations and UGC standards.

- It ensures that the evaluation process is transparent, fair, and aligned with academic objectives, and that feedback from students is integrated into the evaluation process for continuous improvement.

6. Institutional Quality Assurance Cell (IQAC):

- The IQAC is mandated by the UGC to develop and implement quality benchmarks in academic and administrative activities.

- It is responsible for monitoring and assessing the quality of education, ensuring that there are continuous improvements in teaching, learning, research, and overall institutional governance.

- The IQAC helps the institution in preparing for accreditation assessments and maintains data regarding institutional performance for future improvements.

7. Grievance Redressal Committee:

- The Grievance Redressal Committee provides a platform for students, faculty, and staff to voice their concerns and grievances regarding academic, administrative, or personal issues.

- The committee ensures that grievances are resolved in a fair and timely manner, providing a transparent process for dealing with complaints and ensuring the well-being of the academic community.

8. Anti-Ragging Committee:

- The Anti-Ragging Committee ensures that the institution maintains a safe and respectful environment for all students. It formulates and implements measures to prevent ragging and ensures that appropriate actions are taken against those involved in such activities.

- The committee plays a crucial role in creating awareness about the adverse effects of ragging and promotes a culture of mutual respect and tolerance.

9. Research and Development Committee:

- The Research and Development Committee supports and fosters research activities within the institution. It provides guidance on research funding, facilitates collaboration with industry and academic institutions, and ensures compliance with ethical standards in research.

- The committee helps in formulating policies for promoting research culture, managing research outputs, and

guiding faculty and students in their research endeavors.

10. Disciplinary Committee:

- The Disciplinary Committee ensures that students adhere to the institution's code of conduct. It is responsible for handling disciplinary issues related to student behavior, ensuring that actions taken are in accordance with institutional guidelines and regulations.

- It fosters a culture of discipline, which is essential for maintaining an environment conducive to learning and personal growth.

These statutory bodies ensure that the institution adheres to UGC norms and regulations while maintaining a high standard of governance and academic quality. They collectively work towards enhancing the institution's performance in terms of academics, research, student welfare, and overall development. Their roles are essential in providing guidance, oversight, and support to help the institution remain aligned with national standards and expectations.

Mechanism/Norms and Procedure for Democratic/Good Governance

KIET Group of Institutions follows a decentralized approach in its governance structure, ensuring transparency and clarity of responsibilities at all levels. Key administrators, including Deans, Addl. Heads of Departments (A.H.O.D.s), and Heads of various functional cells, are tasked with smooth operation and decision-making within their respective areas. The horizontal structure of departments and various functional units promotes participative management, where all faculty, staff, and students are encouraged to voice their opinions, ideas, and constructive criticism.

Operational decisions are made based on deliberations involving the Director General, Director Academics, Deans, and faculty members. Governing Council members are actively involved in discussing new strategies and plans, which are then finalized to drive institutional growth. This culture of participative management promotes empowerment, fosters transparency, and allows for collective decision-making to improve academic and administrative functioning.

Participative management in an Autonomous Institutions

Participative management is a vital aspect of autonomous institutions, fostering a collaborative environment that encourages involvement from all stakeholders. The Institute promotes a culture of participative management which enables faculty, staff and students to express their opinions and give their suggestions including constructive criticism in day-to-day functioning of the institute. All academic and administrative activities are decentralized, and operational decisions are taken based on discussion and deliberations in the Director General meetings with Director Academics, Deans and various committees. This culture of participative management empowers members with freedom to express their opinions, assess pros & cons of a decision being taken for improvement. Here's how participative management works in autonomous institutions:

Benefits of Participative Management

1. Improved Decision-Making: Encourages diverse perspectives, leading to more informed decisions.
2. Increased Employee Engagement: Empowers faculty and staff, boosting morale and motivation.
3. Enhanced Student Experience: Involves students in decision-making processes, ensuring their needs are addressed.
4. Better Resource Allocation: Facilitates efficient use of resources through collaborative planning.

Key Components of Participative Management

1. Decentralized Decision-Making: Authority is distributed among various stakeholders, promoting autonomy and accountability.
2. Open Communication Channels: Regular meetings, workshops, and feedback mechanisms ensure that all stakeholders are informed and heard.
3. Participative Committees: Various committees, such as academic councils, staff councils, and student councils, provide a platform for stakeholders to contribute to decision-making processes.
4. Empowerment of Faculty and Staff: Autonomous institutions encourage faculty and staff to take ownership of their work, providing opportunities for professional development and growth.

Best Practices for Implementing Participative Management

1. Establish Clear Goals and Objectives: Define the institution's vision, mission, and objectives to ensure everyone is working towards a common purpose.
2. Foster a Culture of Transparency and Trust: Encourage open communication, provide regular updates, and address concerns promptly.
3. Provide Opportunities for Professional Development: Support faculty and staff in their pursuit of excellence, providing training, workshops, and resources for growth.
4. Encourage Student Participation: Involve students in decision-making processes, seeking their feedback and suggestions to improve the institution.

By embracing participative management, autonomous institutions can create a collaborative, inclusive, and responsive environment that benefits all stakeholders.

Student Feedback on Institutional Governance/Faculty Performance

Student feedback plays a crucial role in ensuring continuous improvement in governance and faculty performance. The institution collects feedback from students through an online course opinion survey administered via ERP systems at the end of every semester. Only students with over 60% attendance are eligible to participate in the feedback survey. The feedback is analyzed, and corrective actions are taken to improve teaching methodologies, learning outcomes, and infrastructure.

In addition to the online surveys, Class Representative meetings provide a direct platform for students to express their concerns, suggestions, and feedback regarding academic processes and faculty performance. The Corrective

and Preventive Actions (CAPA) policy is implemented to address issues related to teaching effectiveness. This includes identifying faculty members who may need further training or counseling to enhance their teaching skills, ensuring the quality of education is consistently improved.

The CAPA policy also focuses on evaluating the teaching-learning process and research contributions. The Registrar Office and HR Department collaborate to identify areas requiring improvement, taking necessary steps to enhance the overall academic performance of faculty members.

In line with the guidelines of autonomous status (as per UGC), the institution will integrate the role of statutory bodies in governance processes, ensuring that academic standards and administrative functions meet regulatory requirements.

This holistic approach to faculty and student involvement in academic governance and improvements ensures that **KIET Group of Institutions** maintains a dynamic, student-centric, and industry-responsive academic environment.

- **Grievance Redressal mechanism for Faculty, staff and students**

- **Faculty & STAFF**

Complaints have been considered as an excuse by many people, but all complaints do not fall under the category of excuses and to resolve such pertinent issues in an amicable manner this committee has been formed. The faculty members can directly approach the members of this committee and ask for help in solving any kind of grievance s/he has. The top-level functionaries are involved in the team so that a correct and suitable decision can be taken quickly without the faculty members having to run from pillar to post. Employees can place their grievance through <https://tech.kiet.edu/hrms/>.

NDLI is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.

- **Innovation Cell**

The KIET Group of Institutions has established itself as a pioneer in fostering innovation and entrepreneurship by creating a dynamic ecosystem through its Innovation Centre, Technology Business Incubator (TBI), Entrepreneurship Cell (E-Cell), and Institution's Innovation Council (IIC). These entities work cohesively to inspire creativity, cultivate entrepreneurial mindsets, and provide practical platforms for students and faculty to turn innovative ideas into impactful solutions.

At the heart of innovation, the Innovation Centre acts as a creative workspace where interdisciplinary teams of students and faculty collaborate on real-world projects. The center is equipped with state-of-the-art resources for ideation, prototyping, and testing and encourages a hands-on approach to problem-solving. Through initiatives like hackathons, innovation challenges, and project showcases, the center promotes a culture of experimentation and creativity across diverse fields, including healthcare, manufacturing, and sustainable technology. The center's focus on bridging theoretical knowledge with practical applications has made it a hub for transformative ideas and groundbreaking projects.

A cornerstone of this ecosystem is the Technology Business Incubator (TBI), a flagship initiative that supports the journey from ideation to commercialization. The TBI provides startups with mentorship, seed funding, market access, and state-of-the-art infrastructure, creating an environment conducive to growth. It specializes in domain-specific acceleration programs in fields like artificial intelligence, mechatronics, healthcare technology, and sustainable solutions. The TBI has received significant support from key government bodies such as the Department of Science and Technology (DST), Ministry of Electronics and Information Technology (MeitY), Ministry of Micro, Small, and Medium Enterprises (MSME), Ministry of Social Justice and Empowerment (MSJE), and Start-Up India. These partnerships have enabled the TBI to offer financial assistance, policy guidance, and extensive networking opportunities to startups.

In collaboration with these agencies, the TBI has also launched targeted programs to empower women entrepreneurs and promote rural innovation. Leveraging digital tools and training, these initiatives support women-led startups in sectors like agriculture, handicrafts, and handloom, helping them enhance productivity and income. Furthermore, the TBI facilitates exposure to national and international markets through its partnerships, enabling startups to scale effectively. Regular engagements like ideation challenges, entrepreneurship boot camps, and technical training ensure that innovation remains at the core of the institution's culture.

The E-Cell at KIET serves as a launchpad for students to explore their entrepreneurial aspirations. By organizing workshops, leadership programs, and business plan competitions, it equips budding entrepreneurs with the skills and knowledge required to transform ideas into viable ventures. The cell also connects students with experienced mentors, industry leaders, and funding agencies, providing

critical support in their entrepreneurial journey. By fostering a spirit of independence and creativity, the E-Cell has been instrumental in inspiring students to take the plunge into entrepreneurship.

The Institution Innovation Council (IIC) is a Ministry of Education initiative that integrates innovation and entrepreneurship into the academic framework of KIET. The IIC conducts workshops, idea competitions, and innovation awareness programs to ensure that students are well-versed in contemporary trends and practices. Additionally, the council offers comprehensive guidance on Intellectual Property Rights (IPR) and patent filing, enabling students to safeguard and monetize their innovations effectively. By creating a structured platform for innovation, the IIC empowers students to seamlessly transition from ideation to incubation and commercialization.

Through these initiatives and collaborations, the KIET Group of Institutions has successfully nurtured startups that have gained national and international recognition. By bringing together academia, industry, and government support, KIET empowers students and innovators to solve global challenges, drive socio-economic growth, and create transformative solutions. This holistic approach positions KIET not just as an academic institution but as a catalyst for impactful entrepreneurship and sustainable innovation.

- **Social Media Cell**

Social media cell was created to take care of all social media handles and to provide all information regarding the activities happening in the Institute. Specialize in a wide range of services designed to elevate brand's digital presence. These include content creation, brand promotion, audience engagement, and the updating and maintenance of websites to ensure they remain dynamic and user-friendly. Additionally, provide professional photography, video shoots, and editing, creating visually compelling content that resonates with audience. By leveraging trending strategies and innovative ideas, ensure online platforms are impactful and aligned with goals.

- **The Academic Bank of Credit (ABC) ID** is a unique identifier assigned to students in India's higher education system. It's part of the Academic Bank of Credit (ABC) program, introduced by the University Grants Commission (UGC) and implemented by the National Educational Technology Forum (NETF).

In our institute, currently we are running 2nd year to 4th year under the affiliated university Dr APJ Abdul Kalam University, Lucknow. It is mandatory to create ABC Id for each student by university to fill the examination form. For an Autonomous Institute to participate in the Academic Bank of Credit (ABC) program and obtain ABC IDs for its students, it is indeed necessary to register the institute with the National Academic Depository (NAD). The institute has registered with NAD for creating the ABC IDs for Autonomous Batch. Till June 2025, All students of institute will have ABC IDs.

- **Games and Sports Facilities**

- Infrastructure and equipment are the backbone of sports. Several empirical studies have established sports as a beneficial activity having a positive impact on the state of health,

education and the economy.

Realizing the benefits of sports in general and sports infrastructure, UGC has released guidelines for developing infrastructure to promote sports in universities and colleges. We have specially developed a sports environment that matches global standards and gives a healthy sports experience to all our students, all of which is provided to students within campus. There are multiple sport facilities to keep our students engaged and physically fit.

- Both indoor & outdoor sports activities are conducted at regular intervals for students to maintain their physical fitness essential for them to perform their best in academics also. The institute has dedicated sports complex for the students to play football, cricket, lawn tennis, volley ball, basketball, table tennis and badminton etc. Other indoor games facilities are also available.

- **Basketball**

Being one of the most popular sports in colleges, basketball is played by a large number of students in the evenings. We have a dedicated basketball coach and a well-equipped sports department to help the budding players in every way they can.

- **Football cum Hockey Ground**

The university campus has a football cum hockey ground with lush green grass for the most widely played and followed sport in the world. An experienced coach assists the team every day.

- **Cricket**

A religion to most people in India than a sport and for the students of KIET it is no different. The infrastructure related to the game includes a cricket ground with natural turf, pitches, and synthetic practice pitches with flood lights.

- **Volleyball**

KIET has two dedicated grounds with all the amenities for volleyball. Students enjoy this game every day. KIET organizes inter-college events each year. The court is equipped with high-quality net systems and durable surfaces that ensure a safe and enjoyable playing experience.

- **Lawn Tennis**

We have setup a standard Lawn tennis ground to make our sports facility meet global standards. It's amazing to see students enjoying their favorite game of choice.

- **Shooting Range**

Shooting Sports is a group of competitive and recreational sporting activities involving proficiency

tests of accuracy , precision and speed in shooting .

- **Kabaddi Ground**

Kabaddi is mainly a game that requires a lot of physical effort and energy, playing this game will help children to be fit and healthy. They will also learn about endurance and defences from breath holding and movement.

- **Athletics**

Students learns to collaborate with others to achieve a common goal.

- **SSB Training Ground**

An SSB training site has been setup to provide students with an exceptional training and experience. The facility is equipped to replicate the actual conditions of SSB assessment centers. Incorporating the expertise of an ex-serviceman, KIET Group of Institutions further enhances its SSB Training Ground Facility. The ex-serviceman plays a pivotal role in guiding students with firsthand knowledge of the armed forces' selection process.

- **Gymnasium Hall**

To ensure a sound mind in a sound body, special emphasis is laid on the health and fitness of the students. A modern gym, with all the latest equipment has been set up in the campus.

- **Yoga Training**

We have dedicated slots for fitness practices Yoga. While Yoga helps to keep the students fit both in mind & body, with Judo, the students learn tricks to safeguard themselves. KIET has a dedicated trainer to help students follow these practices.

- **Indoor Sports Facilities**

Every student is encouraged to take active part in at least one outdoor activity. However, along with outdoor games KIET Group of Institutions has set up facilities for indoor games like Table-Tennis, Badminton, Billiards, Chess, Carrom, shooting etc. and league matches are encouraged. We also conduct inter-college sports tournament to develop the spirit of healthy competition.

- **Extra-Curricular Activities**

“Each year, as new student enters our campus, we are delighted in welcoming them as the newest members of the society of scholars, and enthusiastically commit to support their academic accomplishment”

At our Institution we always aim for all-round development of students involving their physical, mental, social, cultural, and spiritual wellbeing including discipline. The Dean of Students office works very closely with the Student Committees to continuously improve the quality of campus life. We also work with

individual students to solve their problems related to both academics and personal. We are deeply committed to our students' well-being and are always here to offer our support.. Our door is always open to hear all your concerns and suggestions to strengthen and build our learning community.

KIET Group of Institutions provides a host of various student driven activities ranging from Sports, Cultural and Personal Hobbies to Technical Interests. The students are encouraged to become members of various Clubs to help broaden their skills and horizons. These student clubs not only help the students explore their hidden talent but also help in areas such as Personality Development and inculcating in the students the spirit of organization by providing them with a platform for hosting their talents.

KIET Group of Institutions is running four broad categories clubs to upskill students. Literary/ Personality development category has TEDx, KIET MUN, Odyssey, Quizzinga. Cultural category has music, Dance, Skit, Fashion, Drawing etc clubs. Besides these two we also have a Sports Club and Creative cell. These Clubs are represented by the students. Students take active participation in organizing several events at national level while running the club. They help in coordinating all the events related to academics and other co-curricular, extracurricular activities as per the directive of a faculty coordinator. They also motivate other students to take part in the activities conducted by the institute. These clubs create a bridge between students and faculty members. Along with creating a support system and decreasing the stress level of academics, these clubs sharpens inter-personal, team work and networking skills of students.

KIET DRAMATICS SOCIETY

KIET Dramatic Society is the official drama club of KIET Group of Institutions which was established in 2014. It provides students a platform to enact and express their perception towards the society. It is a bunch of aesthetes from the KIET family who thrives to bring a change in society by portraying the problems and issues in a riveting manner through popular art forms of dramatics – Theatre (SKIT), Nukkad Naataks (Street Play)

Activities

- KIET Dramatic Society is the official dramatics club of KIET.
- The club provides students a platform to enact and express their perception towards society.
- KDS Performs:
 - Nukkad
 - Skit
- KDS recruits actors, content writers, instrumentalists and graphic designers.
- KDS is a vibrant family where we laugh, learn, explore and make memories.

KIET- Kavyanjali

KIET-Kavyanjali is one of the leading groups of KIET, which is dedicated to promoting literature among students. It works to keep the literature alive among the students by motivating and guiding them. KIET-Kavyanjali organizes Kavi-Sammelans and Kavya-Gosthis in the institution on a regular basis, inviting well known poets of different genre from different states of India, along with whom the students of KIET-Kavyanjali are allowed to perform on the stage.

OUR PROJECTS:

UJAGAR: For the healthy development of a country, it is very necessary to fight the social evil and taboos that still exist in our world. Keeping this agenda in mind, Team UDDESHHYA organizes various drives and awareness campaigns for the betterment of the underprivileged as well as some targeted audiences.

UPHAAR: Clean, functional clothes are a basic human need; unfortunately, not all can afford these necessities. Keeping this in mind, every year team organizes Cloth Collection Drive so that the collected clothes can be distributed to those who are in dire need of them.

UMEED: Under this project, Team Uddeshhya teaches mess workers of our college from 10:00 PM to 11:00 PM. During this time we work on their academics along with some extracurricular activities. Our main motive is to show them a path for a better future.

UDAY: To give basic education to every child team UDDESHHYA started project UDAY (evening school). By teaching, we try to shape the character, caliber, and future of these children. In the hope of solving the massive social problems associated with urban poverty, we also teach and develop skills in culturally deprived children of the slums. One of our slums, where we work, is Rajnagar slum, where

we teach 50 kids daily and another slum is Ravli road, where we teach approx 75 kids with proper counseling.

BLOOD PORTAL: "Blood Donation Costs You Nothing, But It Can Mean The World To Someone In Need." Blood Portal is an initiative where team UDDESHHYA collaborates with various NGOs to ensure that the blood requirement of the patient is fulfilled and reaches out to people who need blood.

ROLE OF TEAM UDDESHHYA IN COVID PANDEMIC

In the ongoing pandemic, by facing various restrictions of lockdown, Team Uddeshhya Collaborates with Zomato Feeding India and RHA (Robin Hood Army), Muradnagar for providing supplies of rations in our slums. Also, we collaborated with the Srinivas Foundation, Ghaziabad for distributing Sanitary Napkins for our slum women.

In the second wave of the Covid Pandemic, when there was a shortage of supplies of Oxygen, hospital beds, and medicines, the team looked for every possible source and tried to help people. The team efficiently managed numerous requests for blood and plasma, despite having limited resources at their disposal.

• Soft Skill Development Facilities

KIET Group of Institutions has always been known for its visionary approach and the institute has always been a trail blazer in terms of starting many innovative practices.

Following the same pattern, the institute felt a need of Training of the students in order to provide them the employability (as per the latest industry needs) and Life Skills the institute set up the department of Soft Skills in October 2012 with the same objective.

Within a short span of time the department produced effective results and thus, it was decided in the year 2018 to provide it with a well-planned structure wherein 21 experts from the domains of Soft Skills and English came together to form the Department of Humanities & Social Sciences with a common objective of making students ready for placements and life.

The Training wing of the department shoulders its responsibilities in terms of providing trainings to students in three dimensions viz., Soft Skills, Verbal Ability and Quantitative Aptitude. Other than

regular training sessions the department also organizes various capsule trainings, Faculty Development Programs, Staff Development Programs, Management Development Programs.

The department uses a well-structured module for all kinds of trainings wherein Pre- Assessment, Mid - Assessment and Post- Assessment of the students are done in order to track their progress.

The sessions of soft skills training are merged in the regular time-table of the institute across all the courses and branches for providing a sincere and regular training to the budding professionals.

The department also coordinates with various agencies of repute to provide students with international exposure; some of them include- BEC, Talent sprint, *Versant etc.

The department has a unique teaching- leaning process and involves wide range of tools and techniques to provide the best training to the students. From flip classrooms to discussing case studies; from video tutorials to performing role-plays, from understanding what is a GD and an interview to appearing in the mock practice of these.

The department has been catering to all the training needs wherein it always strives to provide the best of resources and exposure to the students.

It is only because of the continuous endeavors of the department that Soft Skills course has been recognized by the university and thus, Soft Skills has been made an audit course with effect from the session 2020-21.

The department always believes that whatever it does is a drop in the ocean and the best is yet to come.

- **Teaching Learning Process**

Introduction

KIET Group of Institutions adheres to the curriculum prescribed by Dr. A.P.J Abdul Kalam Technical University, Lucknow. This document outlines KIET's multi-layered approach to ensure an effective Teaching Learning Process.

Planning and Dissemination

- The Academic Council establishes and maintains instructional standards for both curriculum delivery and the examination system.

- Heads of Departments (HODs) collaborate to develop optimal curriculum delivery strategies.
- An academic calendar, aligned with the AKTU calendar, is disseminated at the semester's commencement.

Shaping Futures: Academic System

KIET's "Academic System" is designed to introduce students to the institute's unique guidelines and foster optimal learning outcomes. Key features include:

- **Outcome-Based Education (OBE):** All courses align with defined learning objectives, measured through a comprehensive ERP system to identify and address learning gaps promptly.
- **Adaptability:** KIET seamlessly transitioned to online learning during the pandemic, utilizing various platforms and developing e-content. The institute adjusted its academic guidelines to ensure smooth online assessments and evaluations.
- **Research Culture:** KIET encourages research participation by reimbursing expenses for students presenting papers at inter-institute events.

Quality Enhancement

The Internal Quality Assurance Cell (IQAC) periodically conducts performance audits of departments. These audits review teaching methodologies, extension activities, and co-curricular and extracurricular activities to ensure quality enhancement.

Course Delivery and Monitoring

- A master timetable, outlining subject allocation and class schedules, is prepared by the timetable committee and uploaded to the KIET ERP system.
- Faculty members prepare detailed lesson plans adhering to Bloom's Taxonomy and ensuring alignment with program learning outcomes (POs), program education objectives (PEOs), and course learning objectives (COs). These plans are uploaded to the KIET ERP system after approval by the HODs.
- The IQAC Committee monitors curriculum delivery to ensure adherence to lesson plans.

Learning Resources and Support

- A comprehensive subject course file is uploaded to MOODLE, encompassing the institute's vision, mission, relevant program documents, syllabus, lesson plans, learning materials, and past exam papers.

- As per AICTE guidelines, departments induct students into program content, teaching methods, institutional facilities, and value systems.

Maximizing Learning Outcomes

- Students are exposed to the curriculum through various activities, including technical clubs, guest lectures by industry experts, and industry trend discussions.
- Regular monitoring of classes by HODs, Deans, and the Director ensures timely syllabus completion.
- Departments identify struggling students and organize remedial classes to support their learning.
- Guest lectures by domain specialists further enrich the learning experience.

Feedback and Improvement

- Class representatives participate in discussions alongside parent-teacher meetings, providing a platform to assess student progress and implement necessary adjustments.
- The institute leverages smart virtual classrooms and ICT facilities to facilitate effective curriculum delivery.
- Internal examinations (CT-1, CT-2, and PUE) evaluate student performance throughout the semester.
- Feedback mechanisms gather insights from students, faculty, employers, and alumni to identify areas for improvement. Faculty-specific student feedback is reviewed, and corrective actions are implemented through the Corrective and Preventive Action (CAPA) process.
- Post-semester university examination results are analyzed to identify areas requiring improvement in curriculum delivery.

Ensuring Excellence in Assessment and Learning

KIET's meticulous Examination System is designed to uphold academic integrity and rigor. Key features include:

- **Centralized Question Paper System:** A rigorous review process by a Moderation Committee ensures transparency and consistency across all evaluations.
- **Incorporation of External Expertise:** In select subjects, KIET incorporates question papers developed by professors from IITs and NITs.
- **Personalized Learning:** The "Gradual, Gallant and Growing" categorization system tailors assignments and learning processes to match each student's learning capability.

Assessment System

- KIET employs a Centralized Internal Examination (CIE) system managed through the institute's ERP portal.
- Three internal examinations (two sessionals and a pre-university exam) are conducted per semester to assess student performance continuously.

- Faculty members monitor student progress based on internal assessments and recommend improvement or remedial classes if necessary.
- The university conducts and manages the final end-semester examinations.

Student Feedback

Students provide feedback on institutional governance and faculty performance bi-annually through the ERP system. This feedback system was designed under the guidance of the Dean (Academics) & Registrar as part of the ISO Certification process.

17. Best Practices adopted, if any

To promote Teaching Learning and Research activities, KIET Group of Institutions follows the institutional best practices as below-

- KIET Group of Institutions is playing an important role in the overall development of their students. The goal is not only to enrich the knowledge but shape up the student's career. In this view, the institute is initiated an **Academic System** with a purpose to introduce students with the new guidelines of the KIET Group of Institution's system for better learning outcomes.
- To ensure quality enhancement, the Institute periodically conducts the performance audit of the departments (by the Internal **Quality Assurance Cell**) which includes review of teaching – learning methodologies, extension activities, co-curricular and extra-curricular activities conducted during the academic year.
- **The research & Development Department** operates through a well-drafted policy and team of operatives. All the departments of the institute select a DRC – Departmental Research Committee, which consists of the Head of the Department, a senior Professor, and one/two other faculty members inclined towards research. A follow-up system has been designed to keep tabs on the progress of the DRC every quarter and the progress is reported on an annual basis to the Director of the institute. The faculty who are actively involved are designated as 'Research Faculty' and correspondingly assigned a lesser teaching load in comparison to the other faculty members. Apart from the faculty members, the undergraduate & postgraduate students at KIET Group of Institutions are also motivated to go in for publications/patents/consultancies/projects, etc. Under the research policy, an incentive scheme has also been formulated to promote meaningful research that contributes towards National & International needs. The amount of incentive provided to the researchers depends on the impact factor of the publication and the repute of the publisher. As we are an affiliated institute, it is extremely honorable for us to have been nominated by our affiliating university – AKTU Lucknow to be a Research Centre. <https://www.kiet.edu/overview-research>, <https://www.kiet.edu/aktu-research-centre>
- Institute has adopted the format of **Outcome Based Education (OBE)** in the whole learning structure. All the attainments (COs and POs calculation) required to be calculated are done through the in house developed ERP software (NBA-ERP Module) automatically for finding the gaps and action taken.
- As per institute policy, **Scholarship/Incentives** are given to the students for scoring good percentage in semester exams. As the student will score more marks the amount of scholarship will increase.

- For promoting teaching and learning beyond syllabus at institute level, many technical clubs/innovation centers are operational for skill enrichment of students.
- Innovation and Entrepreneurship – We are motivating students to opt industry-based projects through **TBI (Technology Business Incubator)** and give them the required skill to become successful entrepreneur.
- KIET has good connect with local industries through **Indian Industries Association** for providing students Industry exposure and problem solving.
- We are providing internships to the students through start-ups with the help of TBI.
- **Dronacharya Award** is given for best teaching faculty member at departmental level and C.V Raman award is given to 10 best researchers at the institute level every year.
- We provide global exposure to the students through **International Internships, Study Abroad Programs, International Education Fairs, Workshops/ Seminars/ Lectures on job opportunities, higher studies and scholarship programmes in USA, UK, Australia, New Zealand, Netherlands, Germany, Japan and other nations.**
- We offer **foreign language** classes (German, Japanese, French, Spanish) to all the interested students from 2nd, 3rd and 4th year. Also, as an autonomous institute, **Foreign Languages** have been offered in the curriculum of first year students as '**Global Open Elective Subject**' from the **session 2024-25.**
- The students who present technical paper in the inter-institute events, all the expenses of student are reimbursed by the institute itself through student reimbursement policy for encouraging research culture among the students.
- **Computer Programming Proficiency Cell (CPP)**, The Cell was formulated to give all KIETians a flavor of the most competitive and rewarding mind sport of current time, i.e., "Competitive Coding", where the programmers compete to solve exciting problems using their creativity and ingenuity. The CPP cell has become a cornerstone of the KIET pedagogy as it organizes weekly competitive coding contests where the mentors and students solve live coding challenges in the classrooms along with quarterly coding competitions for the entire first-year students to act as a self-evaluation metric and identifying the best KIET coders in their infancy for further grooming.
- **Skill Development & Finishing School (SDFS)**, The changing demands of the industry require more emphasis on coding, industry-based projects, and soft skills. Thereby, a separate vertical named **Skill Development & Finishing School** has been created to address these industry demands. It includes three verticals:
 - A. Competitive Coding Improvement Program (CCIP)** is a new initiative to fulfil the need of current trends in hiring freshers in big IT companies. It aims at developing-
 - Coding Skills,
 - Technical & Soft Skills of the students.
 - The competitive module KICCS-D-HACK 21.0 for students

B. Minor Specialization: Minor Specialization is to enhance learning skills of students, acquisition of additional knowledge and to enable/ encourages them to:

- Enhance their employability with additional knowledge
- Pursue cross-discipline research
- New technology beyond syllabus
- Minimize the gap between university syllabus and industry requirements

Minor Specialization includes Web and Mobile Application Development, Data Science & Deep Learning, Machine Learning, Design and Innovation, AI Integrated Green Energy Solutions & Smart Societies, Robotics and IOT, Application of Remote Sensing & GIS, Drug Regulatory affairs etc.

C. Finishing School: Following the contemporary hiring trends due to industry 5.0, this vertical is responsible for the ultimate refining of the pre-final year students for their recruitment process and getting hired as a professional in the corporate world after earning the ASSET (Aptitude+ Soft Skills + English + Technical Proficiency) certificate. The students undergo a mix of external third-party training & in-house training, to meet the following objectives to:

- Groom students as per the industry standards
- Hone the skills– Aptitude (QA, LR & VA), soft skills, and technical skills
- Prepare students for mass recruiters
- Provide students with ASSET certification for readiness towards recruitment drives

• **Industrial Research & Consultancy Development Centre (IRCDC)**,IRCDC is formed to fill the gap between the industry and academia and promote industrial research and consultancy work across departments with the guidance and support of industry mentors and thereby develop strong links for collaborating research, technology transfer etc. Main objective of IRCDC is to make the institute a multidisciplinary resource knowledge Centre and provide consultancy services to regional, national industrial entity, social sectors, and technical concerns. The team IRCDC is an amalgamation of dexterous personnel from various domains who bring with them a varied range of experience along with the knowledge of different dimensions.

- **Career Counseling Centre (CCC)** is constituted at the institute to provide requisite guidance/ moral support to the students, creating awareness about varied career avenues, exploring/providing possible solutions to the challenges that they generally face while making their career choices, thereby enabling them to make a well-informed decision about their career and educational journey. Some of the major activities of CCC include organizing awareness/ orientation sessions on mass recruiters, competitive exams, exploring internship opportunities in collaboration with IIPC department in the institute, conducting one-to-one sessions with the students and so on.
- **Environment & Energy Management Cell (EEM)** is constituted to take care of divergent areas as identified viz. Energy Audit, Green Audit, Environmental Audit, Clean and Green campus and carrying out Environment Promotion Activities (In and outside campus) with an objective to support Institute's initiative towards methodical implementation of set target as per Environment Management Plan goals.
- **Value Education Cell, Centre of Excellence "Happiness"**, is constituted at the institute level to familiarize and equip students as well as faculty and staff to the importance and need of values & ethics. Through this cell, the institute aims towards the following –
 - Development of self & society as a whole
 - Development of right feelings, thought and behaviour in faculties, staff and students.
 - Development of right understanding free from pressure and affection based on natural acceptance.
 - Development of positive relationship among faculty, staff and student.
 - Development of fearless, stress less and harmonic environment with right understanding and relationship among administration, faculty, staff and student in KIET family.
 - Elimination of negative/ unfairness/ jealousy/ duplicity of thoughts from Institutional environment with the help of right understanding and relationship.
 - Holistic development of students with the help of valued based education and sanskar.
 - Development the feeling of co-existence and prosperity among self, family, society and nature through value-based education.
- **The Centre of Excellence "Space Technology"** – established on 22nd Feb 2020 - cultivates for knowledge in the field of Space Sciences, the manufacturing & development process of Nanosatellites. It also focusses on publishing their research on the 'WEB of SCIENCE' Indexed Journals and reputed SCOPUS Indexed International Conferences. Since its establishment, the CoE has organized multiple workshops for school students, to help them explore the world of space and satellites.
- **Innovation Centre** is conceptualized with a mission to promote **outcome-based learning for students** that includes learning by making market-ready projects and developing deeper understanding of the subject specifically in student's own interest area. This Centre is designed and developed with latest equipment for the practical hands-on experience of students and includes equipment and software tools of various fields of technology.

- **International Education Awareness week (IEAW)** is a flagship event of the PR & International Relations Department at the institute. During this program, representatives from different foreign universities are invited to the campus for a 5-day education fair. The representatives guide the students about the admission criteria, scholarship, and other such details related to higher education in a foreign land. This department focusses on novel initiatives to enhance the visibility of the institute across the nation and indulging in National/International Networking to brand the institute. It also caters to providing foreign language programs and international internship opportunities to the college students.
- **Manthan: The Inter-school Quiz Competition** is a flagship event of the PR & International Relations Department at the institute. This event is an initiative to connect with school students and provide them with career counselling and industry-relevant skills (in collaboration with student clubs) that shall help them in building their future.
- **Women Outreach Activity Centre (WORC),** "Little girls with big dreams become a woman with the vision" Women Outreach Activity Centre (WORC) is constituted @ KIET with the motto of 'Live Life'. The main objective of the Centre is to empower girl students/ women, create awareness about their rights and duties, provide a platform to fulfill their dreams, and make them aware about the latest technologies and health issues.
WORC endeavors to:
 1. Highlight the importance of health, hygiene and safety for girls & women and organize different activities, seminars, webinars, counseling awareness program on gender sensitization as well as promote culture of respect and equality for females.
 2. Inculcate entrepreneur's attitude among girls to make them job providers rather than job seekers and eliminate discrimination and all forms of violence against women and the girl child & and spread awareness about women helping numbers and process of complaints.
- **Collaboration:** To provide the best learning experience to the students, the institute has collaborated with various organizations, including industry, corporate and academic organizations. For example, the institute has signed MoU with Linked-IN, Mercedes-Benz India, BIESSE India, Hero MotoCorp, Mitsubishi Electric, SAC-ISRO, Tata Power Delhi Distribution Limited, Zoho Corporation Pvt. Ltd., National Chung Cheng University, Taiwan, AIESEC, London South Bank University etc. to help the students get industry exposure, while exploring higher education and career opportunities.

Subject: Accreditation status of programs applied by KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh.

Sir,

This has reference to your application I.D. No. 8685-23/11/2023 seeking accreditation by National Board of Accreditation (NBA) to UG Engineering programs applied by KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh.

2. An Expert Team conducted onsite evaluation of the programs from 06th to 08th September, 2024. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Computer Science	Tier II June 2015 Document	Accredited	Academic Years 2024-2025 to 2026-2027 i.e. up to 30-06-2027	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Computer Science and Information Technology		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh should submit fresh online application through eNBA portal not before five months from the expiry of validity of accreditation mentioned above.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Contd/..

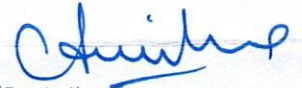

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of the Report of Chairperson of the Visiting Team and Evaluators' Reports in respect of the above programs is enclosed.

9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)

Subject: Extension of the Period of Accreditation Status granted to Master of Computer Applications program offered by KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh.

Sir,

This has reference to NBA's letter of even number dated 15-12-2022 under which Master of Computer Applications program offered by your Institution was granted accreditation for 2 years from the Academic Years 2022-23 to 2023-24 i.e. , upto 30-06-2024 under January 2013 document by National Board of Accreditation.

2. National Board of Accreditation (NBA) has decided that in all cases where MCA Program of an Institution was granted accreditation for a period of 2 years, the period of accreditation of the program shall be extended from 2 to 3 years subject to the condition that the program meets the essential parameters of the Pre-Qualifiers. The Pre-qualifiers submitted by **KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh** have been considered in NBA. The MCA program meets all the parameters of pre-qualifiers. Accordingly, the Competent Authority in NBA has approved the following accreditation status to the program as given in the Table below:

Sl. No.	Name of the Program (s) (PG)	Basis of Evaluation	Accreditation Status	Period of extended validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Master of Computer Applications	Tier-II January- 2013 Document	Accredited	Academic Year 2024-2025, i.e. upto 30-06-2025.	Accreditation status granted is valid for the period indicated in col.5 or till the program has the approval of the Competent Authority, whichever is earlier

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The program should be applied in new SAR January, 2024 document not before five months from the expiry of validity of accreditation mentioned above.

5. The accreditation status awarded to the program as indicated in the above table does not imply that the accreditation has been granted to **KIET Group of Institutions, 13th KM Stone, Ghaziabad-Meerut Road, Ghaziabad-201 206, Uttar Pradesh** as a whole. As such the Institution should nowhere along with its name, including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above program is subject to change on periodic review, as deemed necessary by the NBA. It is desired that the relevant information in respect of accredited program as indicated in the Table in paragraph 2, appears on the website and information bulletin of your College/Institution.

7. The accreditation status awarded to the program as indicated in Table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. Sub: AICTE approval to **Krishna Charitable Society, 13km Stone Ghaziabad-Meerut Road, Ghaziabad, UP** for establishment of **KIET School Of Pharmacy, 13km Stone, Ghaziabad- Meerut Road, Ghaziabad, UP** for the Academic year 2005-06.

Sir/Madam,

The Application/ Proposal received from **Krishna Charitable Society, 13km Stone Ghaziabad-Meerut Road, Ghaziabad, UP** has been processed as per laid down procedure, guidelines, policy and/or norms & standards of AICTE, mentioned in **AICTE Regulations and/ or "AICTE Hand Book for Approval Process"**.

I am directed to state that the All India council for Technical Education (AICTE) is pleased to accord approval for establishment of **KIET School Of Pharmacy, 13km Stone, Ghaziabad-Meerut Road, Ghaziabad, UP** for the academic year 2005-06 to conduct following course(s) with annual intake as given below:

FULL TIME COURSE (S)	ANNUAL INTAKE	ENTRY LEVEL	DURATION (YEARS)	PERIOD OF APPROVAL
B.PHARAMCY	60	10+2	4	2005-06
TOTAL	60			

Contd\2.....

The Approval accorded above is subject to fulfillment of the following conditions:

1. The institution must have affiliation to a University for the above courses before making admissions. In the absence of such Affiliation this letter of approval shall be treated as Withdrawn (Order of the High Court of Madras in W.P. No. 33256 of 2002 and other Batch of Petitions).
2. No admission shall be made by the Institution, contrary to the guidelines issued by AICTE, for the academic session 2005-06. All the admissions must necessarily be made through Entrance Test.
3. The approved course(s) shall commence as per the academic calendar of the Affiliating University.
4. If this letter of approval is received by you after the closing date of State/ National level Central Counseling for Admissions in the concerned State/ Union Territory, this letter of Approval will not be valid for making any admission during the above specified academic year, and shall be treated as withdrawn.
5. No excess admission shall be made by the institution during any academic year.
6. The approval is valid only for the academic year 2005-06. If no further extension of AICTE approval is received beyond the academic year 2005-06, this Approval Letter will not be valid for making any admission for the subsequent years.
7. Any other condition(s) as may be specified by AICTE from time to time.

Consequent to the Supreme Court Judgment, the Model Constitution of Governing Body notified by AICTE in its approval Regulations 1994, stands overruled. It has been decided that while AICTE will not insist on any nomination in the Governing Body of Private Unaided Institution, the Affiliating University/ State Government shall impose minimum conditions of affiliation, such as, prescription of qualifications of Governing Body Members, in order to insure academic excellence. It shall be desirable for the private unaided institutions to induct at least 50% of the members of the Governing Body drawn from renowned academia, academic administrators, Subject Experts and professionals from industry in order to seek their innovative ideas for continuous improvement in the delivery of teaching learning process, matching best practices elsewhere and achieve excellence.

Cont3/

Please note that the Council would verify the status in respect of recruitment of faculty and rectification of other deficiencies through **Surprise Inspection** without any prior intimation. The institution shall be liable for strict action including action under the relevant provisions of Indian Penal Code in case false information is furnished to the Council.

The Council has decided to undertake inspections without any prior notice before extending approval for the year 2006-07 anytime after September 2005. A compliance report in respect of conditions/ deficiencies listed in Annexure - A must be sent to the council before 30th September 2005 in the absence whereof extension of approval for the year 2006-07 may not be considered.

The Compliance Report to be submitted to the Council by 30th September, 2005 should also be accompanied with a **Visiting/ Processing Fee** as prescribed by the Council in the form of Demand Draft in favour of the Member Secretary, AICTE payable at New Delhi. In the absence of the processing / visiting fee, the compliance report may not be entertained.

In the event of infringement/ contravention or non-compliance of the above Conditions and/or the provision of AICTE Act & Regulations/ Guidelines/ Norms & Standards as prescribed by AICTE, further actions leading to "Reduced Intake" or "No Admission" or "Withdrawal of Approval", shall be taken by AICTE and the liability arising out of such actions will be solely that of the Management/ Trust/ Society and/ or the Institution.

Sub: Extension of approval to Krishna Instt. of Engg. & Tech., 13 KM Stone, Ghaziabad-Meerut Road,
Muradnagar, Ghaziabad, for the year 2005-06-reg.

Sir/ Madam,

As you are aware, All India Council for Technical Education has been mandated under the AICTE Act, 1987 to ensure **maintenance of norms and standards** with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical education by the institution so that **quality of courses is not compromised** and stakeholders are satisfied. The Council also undertakes an **annual Inspection** of the institutions and conveys deficiencies to them for **rectification**.

It has been observed however that notwithstanding the Council's repeated advice to comply with **minimum** norms and standards, many institutions continue to be **complacent** about taking steps to remedy the deficiencies.

Such institutions suffer from **critical deficiencies** of faculty in proper cadre ratio, qualification, experience and other requirements. Feed back of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following **holistic appraisal** during inspections, have also pointed out severe shortcomings

The institution has been found to be suffering from several deficiencies, which are listed in **Annexure-A** for your perusal. Shortage of faculty is of gravest concern.

The deficiencies in respect of faculty (including proper cadre ratio & qualification etc.) could have rendered your institution liable for **punitive action** including being placed in no admission/ reduced intake category. However the Council has decided to take a **lenient view** and give you yet **another last opportunity** to rectify the deficiencies particularly with regard to faculty shortage, proper cadre ratio & requisite qualification. Course-wise approved intake in respect of Krishna Instt. of Engg. & Tech., 13 KM Stone, Ghaziabad-Meerut Road, Muradnagar, Ghaziabad is as under:-

COURSE (S)	APPROVED INTAKE	APPROVED INTAKE
	2004-05	2005-06
MCA	120	120

Note:- Additional intake/new courses not granted on account of deficiencies in respect of existing courses/intake.

Contd.../2

The above approval is subject to your rectification of deficiencies latest by August end, 2005. A compliance report indicating rectification of deficiencies and details of faculty recruited for each course must be received by the Council, with a copy to concerned Regional Officer latest by **31st August, 2005** to entitle your institution for **extension of approval** for the year 2006-07.

The compliance report must be accompanied with a **visiting/processing fee** as prescribed by the Council in the form of demand draft in favour of **Member Secretary, AICTE payable at New Delhi**. In the absence of the processing/visiting fee, the compliance report may not be entertained.

Following the compliance report, the Council would verify the status in respect of rectification of deficiencies through physical inspection without any prior intimation. The institution should therefore be prepared for random inspection without any prior notice. Extension of approval for the year 2006-07 shall be dependent on the compliance report and the outcome of the surprise inspection.
