UNFOLD THE BLIND

Unfold the blind

I am a no one

I am at the dead-end

I am the center of this world

I am like everybody else-selfish

I am a soft-hearted guy

I am little bit shy

I often slightly cry

I am not willing to die

I like to run and move

I like to lonely groove

I never miss a thought

There are many which I fought

I want myself jump

Like a slimy sand lump

I try I make mistakes

I speed up, pull hand brakes

Every day I snooze my alarm

Everyday it makes me calm

I make shadows of my dreams

Make them boil and blow the steam

I am an empty beer bottle

Men have used me and just toppled

I am old I am done

They have tried now it's your turn

You can try and make me cry

I am trying to justify

I am slightly like a meme

You just laugh and scroll it down

I am the social media post

You watch daily with no count

I am blind but having eyes

You are visible no surprise

I am deaf but having ears

Rattle Rattle nothing to hear

I am trying to make me rough

Little loveable, slightly tough

It's just beginning not the end

I am trying to make a stand

This is to everyone

Just read and find

You will catch some
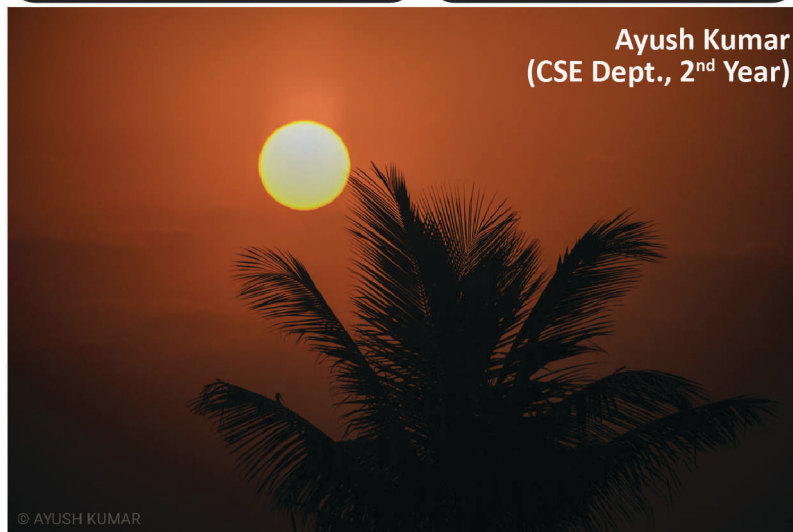

Just unfold your blind
