IMPRINTS

Not everyone you meet in life will stay with you forever;
 People come and go
 Leaving their Imprints onto your soul
 How deep they are depends upon the time;
 Some
 Slowly fade into Oblivion,
 Others remain like Archives,
 Some are as Ethereal as polar lights,
 While others are carved with Imperfections
 Serving you Metaphors for life;
 No matter how much they differ, they all have
 Sole purpose to Evolve you as a human,
 Teaching you the Unfathomable & changing the
 perspective to view
 Giving you the directions to soak the canvas of
 Your soul in life's hues.

LOST AND FOUND

To know what true happiness is,
 You need to know what sadness feels like.
 To know what true cheerfulness is,
 You need to know what depression feels like.
 To know what actual richness is,
 You need to know what sleeping empty tummy feels like.
 To know what being on cloud nine is,
 You need to know what crying on ur knees feels like.
 And to know what love is,
 You need to know what heartbreak feels like.
