Department of Computer Science had planned the Industrial Visit at Network Bulls, Gurugram on 17May 2023. This Visit was for Second Year Section 'B' Computer Science branch.

On 17May 2023, the bus departed from KIET Campus at 8.50 AM and reached Network Bulls around 12:20PM.

Mr. Aman Singh, Mentor of Network Bulls started the theory class about Networking at 12:30 PM. Mr.Aman Singh discussed Networking from basics. It helped the students to know about the Network.

A total of 39 students joined the industrial visit.

Brief Description :
The whole session was divided into two parts one of Theory and the second one of Practical in the lab.

Session 1:-

It was about Theory class. He started the class by asking about how much students know about networking and he tested student's prior knowledge from time to time.

DEPARTMENT OF COMPUTER SCIENCE

In the class, he gave the introduction of different types of networks (LAN, CAN, WAN), types of communication, IP address, OSI, and networking devices.

The main point that he delivered was that how students can differentiate between firewalls, switches, androuters.

Session 2: -

It was the Practical lab. Here he used PUTTY software to know the function of routers. He demonstrated the connection between two routers.

He performed three operations, first was to know about the IP address of routers, the second was how to use ping, and the last was how to make the router secure by enabling password.

At last, Mr. Aman Singh told students about the Network Engineer and related exams, and requirements at the industry level.

The whole class was interactive and students learned lots of things from there.
