# THE BEST COLLEGES OF INDIA

**THE DEFINITIVE INDIA TODAY-MDRA SURVEY OF EXCELLENCE SPANNING 14 MAJOR DISCIPLINES**

## **KIET GROUP OF INSTITUTIONS** **HAND-CRAFTING A MODERN-DAY HOLISTIC** **LEARNING EXPERIENCE**

**A**ccording to DNA India, almost 1.5 crore students, on a nation-wide scale, appear for their 12th board examination every year. Another report by Live Mint suggests that nearly 70,004 students successfully cleared their 12th board examination in the year 2021. Approximately 935 thousand students in India got themselves enrolled in CSE branch in the year 2020, as per a survey.

Don't you get horrified by these big figures? How can one set himself/herself apart from the rest of the crowd?

No matter you are a parent/guardian or a student, who is just about to take his first step forward in building his career foundation, it is pivotal to find the key to outrun the severe competition level and explore a career path that gives sheer recognition against all odds.

KIET Group of Institutions has clearly gulped down the spirit of creating LEADERS OF TOMORROW for the EVER-RISING, EVER-EVOLVING REAL WORLD out there.

Today, industry giants want to hire people, who

are not just smart, but also adept with future-ready skills and technologies. This is why, the institute has recently introduced two new branches in its Computer Science & Engineering program, viz. Artificial Intelligence and AI & Machine Learning. Both of these branches are the gold dust of the modern era, and studying them will make the corporate world chase you.

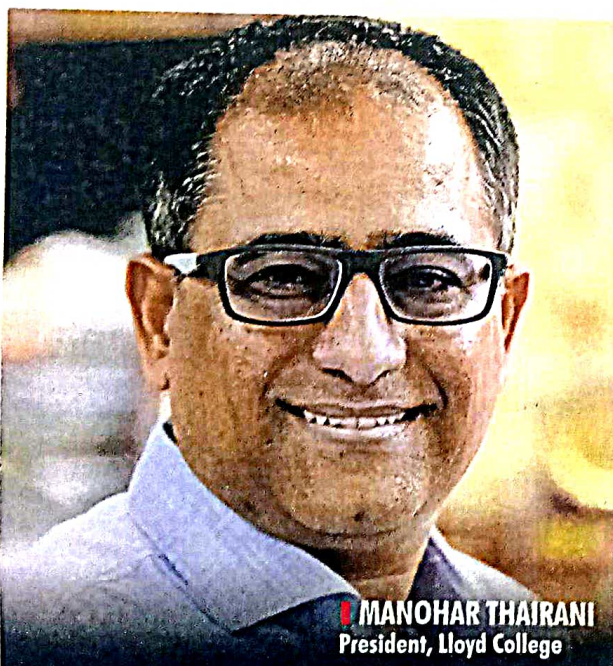

Additionally, KIET is proud to have three budding departments in its campus, viz. the 'Department of PR & International Relations', 'Skill Development & Finishing School', and 'Innovation & Entrepreneurship Council', which cater to the overall development of the students. The common aim and motive behind introducing these departments was to make the students more competitive for the future-job market.

"We can clearly envision the scope of holistic, multi-disciplinary, and most importantly, PRACTICAL learning from the perspective of a contemporary world. Henceforth, we are shaping 'professionals' out of our students, who can easily fit themselves in the emerging needs of the corporate world."

**DR. A GARG**  
Director, KIET Group of Institutions.

## **LLOYD LAW COLLEGE** **SETTING BENCHMARK IN LEGAL EDUCATION**

**MANOHAR THAIRANI**  
President, Lloyd College

**A**t Lloyd Law College we work on imparting skill-based quality education. Our students' achievements speak for the world class education they get. They choose from 25+ skill development cells according to their area of interest. They are offered with certificate courses and diploma courses along with their degree programs. Our students are trained and nurtured to become the best legal professionals.

Lloyd Law College is strengthened by knowledgeable, experienced and enthusiastic faculty specialized in diverse disciplines of law to promote excellence in learning. Dedicated faculties nurture the students and imbibe them with a thirst for knowledge rooted in the values of integrity and professionalism. We are proud of our friendly and supportive

consisting of academics, students and staff. Our campus provides a ragging free conducive environment and we immensely focus on making our students a diverse group of socially conscious law graduates, rooted in the concepts of justice and equity.

Lloyd Law College greatly benefits from the legacy of mentorship and patronage of Padma Shri Late Prof. (Dr.) N.R. Madhava Menon, "The legend of Law" and the flag bearer of legal education reforms in India. Prof. Menon was a visionary of legal education who was also the designer and architect of the five-year integrated B.A.LL.B. programme in India. Prof. Menon's relentless efforts in revamping and modernizing the legal education of the country has successfully brought Indian legal education at par with the legal
