

National Happiness Unicorn Awards

"Life is a delightful journey that is meant to be embraced to the fullest every day."

KIET believes that educational institutes must focus on the mental and physical well-being of their students. The happiness of our youth in institutions of education is directly linked to spirituality, health and holistic well-being, in particular, to the empowerment of our youth and making them ready to manoeuvre and successfully overcome all sorts of situations.

National Happiness Unicorn Awards is a commendable initiative in this direction.
