"The biggest competition is never with others. It's a challenge to test your own boundaries."
Hackathon is being organized by the Ministry of Education, Ministry of Education's Innovation Cell, AICTE, Persistent system, i4C, and supported by AWS and Shell (official partners) along with Doordarshan and AIR आकाशवाणी (official media partners).

Smart India Hackathon is a wonderful platform created by the HRD Ministry in line with the vision of Prime Minister Shri Narendra Modi to make a New India.
