## COVID-19 LOCKDOWN RECOMMENDATIONS

**TO HAVE A HEALTHY MIND**

- Isolate yourself from the news about the virus (Everything we need to know, we already know).
- Don't look out for death toll. It's not a cricket match to know the latest score. Avoid that.
- Don't look for additional information on the internet, it would weaken your mental state.
- Avoid sending fatalistic messages. Some people don't have the same mental strength as you (Instead of helping, you could activate pathologies such as depression).
- If possible, listen to music at home at a pleasant volume. Look for board games to entertain children, tell stories and future plans.
- Maintain discipline in the home by washing your hands, putting up a sign or alarm for everyone in the house.
- Your positive mood will help protect your immune system, while negative thoughts have been shown to depress your immune system and make it weak against viruses.

**Most importantly, firmly believe that this shall also pass and we will be safe.....!**

A separate team of students and a laboratory incharge, Mr. Satish, were involved in free distribution of medicines prescribed by doctors. A dedicated team of female students was involved in distribution of sanitary pads and female patient counselling. Multiple students were also involved in general awareness to villagers regarding communicable diseases, hygiene etc using their hand made posters.

## **MESS WORKERS PERFORMANCE**

Republic Day honors the date on which the Constitution of India came into effect on 26 January 1950 replacing the Government of India Act (1935) as the governing document of India.

This year on occasion of 70<sup>th</sup> Republic Day, team UDDESHHYA along with the mess workers, gave a special performance in the college.

The mess workers sang the patriotic song 'Ae Watan' after the flag hosting ceremony in the college. There were about 20 mess workers with 10 volunteer and members in the special performance.

Music in itself has the capability to influence one's mood and psychology, and when we add a strong feeling such as patriotism to it, the results can be very moving. The mess workers who are the student of our project Umeed were delighted to perform in front of college authorities.

This performance helped them to develop courage, confidence and team work in them. The performance made by them was a huge success as it was appreciated by everyone in the crowd.

### NUKKAD NATAK

Nukkad Natak is a social platform to make people aware about their inner self by conveying the meaningful message in a dramatized way. It is an effective way to enlighten the people with awareness regarding various social issues.

With this aim, we performed Nukkad Natak at our Asalatnagar School on the auspicious occasion of Republic Day.

At Asalatnagar school themes chosen were focused on the school going students and their basic moral values and etiquettes.

We performed Nukkad Natak on the following topics-

1. Cleanliness and hygiene
2. Importance of education
3. Team work

The children who witnessed the Nukkad Natak were full of high dose of energy and were mesmerized by the acts performed. On further interaction with the children present, we found that they had understood the message and were highly driven and motivated by the acts performed.

This was our little step for the betterment of children of our project 'UMANG'.

## CAP DISTRIBUTION

The chilly winds of winter have always been difficult for underprivileged people as the winters come with its own set of norms for the people who fear this weather because they do not have the necessary resources to survive the cold windy winters.

Team Uddeshhya always try to help the underprivileged people by distributing clothes. This time team decided to distribute some basic and small yet very important thing for the kids to protect them from the chilly weather.

On 9th Feb 2019 team distributed winter caps to about 50 children of Ravli slum as we believe that winter caps are great products to use to keep the heads warm of slum kids during the cold days of winter.

Amongst the kids about 18 were new born and the rest kids were under the age of 10.

For a much better society we all must try to do a bit from our side.

### **CLOTH DISTRIBUTION AT RAJNAGAR (CCD)**

When the winter was at peak, and we all were in our warm clothes there were some who were deprived of these facilities and comforts.

Team Uddeshhya decided to distribute warm winter clothes to the needy people in the slum of Rajnagar, Ghaziabad on 6<sup>th</sup> February 2019.

These clothes were collected from our annual Cloth Collection Drive. The distributed stuff included shawls, sweaters, Jackets, mufflers and other winter requirements.

All age groups and genders were benefitted by the distribution and the main focus was kept on the newborns of the slum.

The distribution resulted as a successful one as nearly 250 clothes were distributed and 50 to 60 families were helped by the distribution.

## FRUITS DISTRIBUTION

"An apple a day, keeps the doctor away". This quote is true as fruits play a very important role in our lives. Fruits are rich in fiber which is very essential for the smooth movement of the digestive system.

Team Uddeshhya has always tried delivering the basic essentials to our slum kids for their proper growth. So, this time in collaboration with GREEN SHAKTI FOUNDATION on 9<sup>th</sup> Feb team distributed apples and bananas to slum kids in Ravali.

The distribution was conducted successfully and children were told the importance of eating fruits regularly.

Also a survey was conducted to check and maintain a health record of families of slum. The houses were marked and data was prepared and it was checked that whether they have proper documents like birth certificate, adhar card to get facilities at government hospitals.

## **SANITARY NAPKIN DISTRIBUTION**

While the supposedly ‘civilized’, ‘educated’ and ‘progressive’ India is still debating the topic of menstruation and the associated stigma, breaking this taboo in slum areas is far more challenging.

In these slum areas, the outdated value system related to periods, sexuality, etc, are much ingrained, the resistance is severe, and much is kept literally under wraps—like the local chemist handing over a packet of Sanitary Napkin.

With the thought of breaking this silence and stigma associated with the term Menstruation team organized a Sanitary Napkin Distribution Drive in Rajnagar slum.

Through this drive we tried to create awareness on adopting hygienic practices amongst women. Team distributed about 80 packets of sanitary napkins to slum ladies. These packets were collected during the Sanitary Napkin Collection Drive.

After distribution women groups were educated on the proper usage and disposal of sanitary pads.

## **SANITARY NAPKIN DISTRIBUTION**

In India, only 10%-12% of menstruating women use sanitary napkins and 88%-90% of women are estimated to follow alternatives such as used cloth, sand, ash and dried leaves, due to lack of affordability making them prone to fungal, urinary and reproductive tract infections.

Taking this serious issue in concern the team conducted a Sanitary Napkin Distribution Drive in slum of Ravli.

Here, we benefited 50 women and girls. This drive was a huge success for the team. We also elaborated them about the importance of using sanitary napkins and their proper disposal.

The pads which were distributed were collected from the Sanitary Napkin Collection Drive which was organized at college level and money through paytm was also collected for the same objective.

In addition to this we also received 600 packets of Sanitary Pads from the Health department of Ghaziabad.

Also, not every time we can distribute such stuffs and its also not an affordable thing for them, so we told them about proper menstrual hygiene, how they can keep themselves protected from various infections even after using those traditional methods of sanitation.

## MIME

Mime is the theatrical technique of suggesting emotion using gesture, expression and movement without using words. Like every year, team Uddeshhya performed its legacy Mime Act in Epoque 2019. Our effort is to make our college students aware of certain issues that affect the society and connect them to its grave realities.

The topics which we chose for Mime this year were:

**Act 1-Pulwama Attack:** This act was based on the Pulwama incident in which many of our CRPF soldiers were killed. This act showed the wrong handling of social media by the youngsters and the anger and aggression of the youth was also showcased in this act. On the other hand, sentiments and emotions of a soldier's family were depicted.

**Act 2-Journey of Sameer and Badal:** This act was very special as it was based on the true incident. The plot was about our two Rajnagar slum kids Sameer and Badal and their dedication for dance. Their struggle formed the basis of our act. The end of the act was a blockbuster as the real life Sameer and Badal grace the stage by their performance in front of the college crowd which also boosted their confidence level.

## **WOMEN'S DAY CELEBRATION**

International Women's Day is a day when women are recognized for their work and achievements.

This year on women's day team celebrated the valour of women by interacting with the female workers of girl's hostel. Through interaction team got to know that few of them want to study but is unable to do so because of few social norms.

Along with that, previous couples of days were dedicated to the survey which was meant to know about the conditions of ladies residing in slums. Through surveys we found a common problem of early pregnancy, medical issues and complications in pregnancy of slum ladies. Therefore, team is planning to conduct a medical workshop in slums so that they can deal with these problems.

Team appreciated hostel workers and slum ladies for the work they do and also encouraged them to overcome the self-doubt.

Women's are the pillar of the society on whose shoulder there is the onus to take forward the existence of mankind in a smoother way. And team believes that it's really essential that we encourage them to showcase their extraordinary occult strength and help them nurture that power.

## **MOTHER'S DAY CELEBRATION**

Every woman is born with a motherly touch, which needs to be preserved with love.

With this motive team celebrated Mother's day in a unique way on 13th May, 2019. The celebration of this auspicious day was completed with women workers and wardens of girl's hostels. The motive behind this idea of celebration was to share the day with the mothers far away from home who cares for everyone selflessly.

For the same purpose team distributed sweets to the aunties and wardens of the hostels and also had an interactive session with them. In the session team gave chance to all the worker aunties to speak few words related to how they are feeling and what they had in their heart.

Seeing those beautiful smiles on their faces made this motive successful of celebrating mother's day in this manner. The blessings received from them are something which is unexplainable and this also gave a feeling of utmost satisfaction and happiness to every member.

Throughout this the college authorities have been very supportive and motivating.

## MASK DISTRIBUTION

A day after Diwali the API (Air Pollution Index) level reached above 999 in the Delhi NCR region. Pollution rates were the highest in Ghaziabad, making it the most polluted city in the world.

Taking this situation into consideration, team UDDESHHYA decided to conduct a Mask Distribution Drive on 3rd November, 2019. The team decided that the kids and old people will be given masks at first as they are at higher risk to get affected by chronic diseases.

The drive was held in the Evening School and Ravli slum and more than 200 masks were distributed. The children were made aware of the increasing pollution rate and the ways to protect themselves from it.

## **UNNAT BHARAT ABHIYAN**

Unnat Bharat Abhiyaan is one such initiative inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India. The Mission of Unnat Bharat Abhiyaan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth.

On behalf of KIET Group of Institutions, a survey was planned under Unnat Bharat Abhiyaan which was successfully executed by the team on September 28th, 2019. On the day of survey the team covered about 162 families living in Asalat Nagar and Sainthali, Muradnagar.

The motive of the survey was to know the problems pertaining in these villages and the problems faced by the families on an individual and combined basis as well.

Team covered mainly these topics under the survey:

1. Details of the house i.e. House Number and House Type (Pakka aur Kaccha).
2. Details of Family Members i.e. total number of members and their names with age.
3. Details about their caste, occupation, source of water in the house, electricity connection and its duration.
4. Details about the general issues they face, Govt. documents they have, educational details etc.

Through a detailed study of the data collected we figured out the major problems of these villages which are:

- **WATER ISSUES:** Inadequate number of public hand pumps due to which a group of people who cannot afford personal hand pump faces problems.
- **MEDICAL ISSUES:** Several people were affected by ulcers, wounds and other diseases. They were unable to get proper treatment.
- **EDUCATION:** Family members were less concerned about higher education of their children.
- **DRAINAGE:** Poor drainage system. Also a dirty pond with pile of garbage had led to poor sanitation.
- **UNEMPLOYMENT:** Less number of jobs opportunities. People have adequate qualifications but are still jobless.

### **CAUVERY CALLING. ACTION NOW!**

Planting a tree is a lifelong investment. With the growing pollution, the need for planting trees has become even greater these days. Trees not only provide us oxygen but also maintain biodiversity. They are the major source of manufacturing goods and are shelter to birds and animals.

Cauvery Calling is a first of its kind. It settles the standard for how India's rivers – the country's lifelines – can be revitalized. It will initiate the revitalization of the Cauvery River and transform the lives of 84 million people.

The team decided to promote this campaign through its Facebook and Instagram handle and ensure the maximum participation of students in the campaign. This initiative was taken in order to rise the funding for the Cauvery Calling Campaign.

The link to the donation site for the campaign was shared on the Facebook and Instagram handle of the team. The cost of plantation of a tree was Rs. 42/- only. A target was set to achieve a maximum donation for 500 trees. Till date 27th November, 2019 team managed to raise Rs. 4872 i.e. cost of 116 trees.

## Cauvery's Depletion

- As trees disappear, soil is being eroded, Cauvery is drying up, and farmers are suffering.
- Cauvery has depleted over 40% in the last 70 years  
7% of the basin's original tree cover has been lost.
- Almost half the Cauvery basin suffers critical groundwater depletion.

JUST ₹42 PER TREE

## Targeted Impact

The simplest way to make Cauvery flow again is to plant trees.  
Cauvery Calling will support farmers to plant 242 crore trees in Cauvery basin by adopting agroforestry.

This will have the triple benefit of

- Improving soil health by replenishing organic content in the soil.
- Reviving the river and groundwater levels by increasing water retention in Cauvery basin by an estimated 40%.
- Augmenting farmer income through agroforestry, proven to increase farmers' incomes 300-800% in 5-7 years.

CAUVERY CALLING. ACTION NOW !

## #CauveryCalling

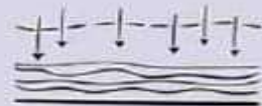

JUST ₹42/- ONLY

**Chennai** has already run out of water,

**Bengaluru** will go dry in **2 years**

**Cauvery** has depleted by **over 40%** because

**87% of tree cover** in Cauvery basin is gone

### THE SOLUTION:

Support farmers to plant **242 crore trees**

Contribute ₹42 per tree  
Plant trees

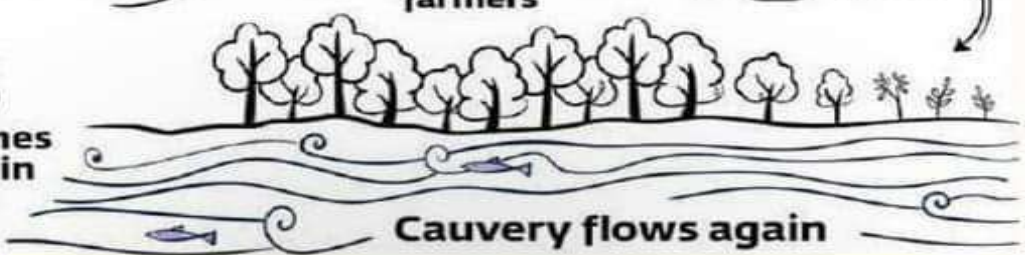

**5** times increase in farmer's income

Government must provide incentives for farmers

Farmers grow trees

**Cauvery flows again**

### **RAKSHABANDHAN CELEBRATION**

Festivals really are a community celebration, a wonderful event where people come together and learn that joy is the essence of life.

Team Uddeshhya hence celebrated the festival of Raksha Bandhan to celebrate togetherness and joy in evening school with the students there.

Approximately 50 students and members celebrated and tied the thread of love. Chocolates were distributed to all children.

We at Uddeshhya believe that young minds must always connect to the essence of such love. Hence, the kids who change our lives each day found some change in their perspective as well on this Rakhi.

They all came together to acknowledge the bond of togetherness. Joining people together is also a part of learning, they learn to live in a community and to respect each other and that's what true education is all about.

# शिक्षा के देवदूत

हर साल हम शिक्षक दिवस पर अपने गुरुजनों को याद करते हैं, उनके सम्मान में कुछ कार्यक्रम भी होते हैं और सरकार तमाम शिक्षकों को सम्मानित भी करती है। लेकिन आज भी बहुत सारे ऐसे शिक्षक हैं जो शिक्षा के बाजारीकरण के इस दौर में भी गुमनाम तरीके से शिक्षा का उजियारा फैला रहे हैं। उन्हें न तो कोई सम्मान की लालसा है और न ही कमाई की चाहत। उन्हें लगता है कि अगर पेरगुत ईमानदारी रखते हुए ज्ञान की रोशनी को गरीब बच्चों में बांट सकें और अपने देश की अंधेरी बस्तियों में शिक्षा का उजाला फैला सकें तो यही उनके जीवन की असली कामयाबी होगी। अगर उजाला ने शिक्षा के ऐसे ही कुछ देवदूतों को तनाराने की कोशिश की है।

Cloth Collection drive is one of the project of uddeshhya which is based on such beliefs in which we distribute used up clothes to the poor and needy.

In this project we collect used up clothes from people by putting drop boxes in college and hostels and then distribute them in the slums and other places.

~Extension of CCD~

With the New Year embarking with the aspirations and ventures aiming at real happiness, we are proud to announce that the cloth collection drive has been successfully expanded to three different cities.

THE BIJNOR CHAPTER: The city witnessed the third phase of the cloth collection drive.

It started from 29 December collection and distribution followed.

Approx 200 packets were collected and 60 to 70 families were offered these clothes.

The team is thankful to the volunteers who joined hands for this drive and the localities of the different cities who were really helpful!

The expansion is aimed at providing a safe and warm winter to all the needy all over. We are hopeful to continue this further and expect the support of volunteers and other people.

The awareness through acts of a specific storyline and a hard hitting crux, the team celebrated Jan Republic day with a street play “**NUKKAD NATAK**” at the village school adopted for Project Umang. The primary and secondary school at Asalat Nagar was an audience to the play.

Issues like **bullying and higher education of girls** were addressed in the two acts of the play.

One act was dedicated to the Republic essence where our freedom fighters and their beliefs were out forward. General awareness of Republic Day was also a motive that was fulfilled with support from the staff there.

Bullying is a serious offence and its psychological impacts were depicted through the act via an introvert girl teased as a mute. The importance of company was also shown.

Higher education after Class 8<sup>th</sup> is a big problem in the area and it ought to be put up before all the students especially girls. The importance of female education and its day to day benefits were enacted.

The Nukkad Natak was fruitful and all present spectators responded to the questions incorporated in the acts itself. It was a sincere effort to make the elders understand how significant education is which a must is for women. We hope to help further in the issue.

## IYAANAT DRIVE

When final year batch leaves college, they are loaded with much of the stuff that they don't need after they leave. Team UDDESHHYA came up with this idea that underprivileged people can be helped by this stuff. Thus, UDDESHHYA started IYAANAT drive.

This was an attempt to act as a bridge between the students and those people who could benefit from such donations.

The drive was started after the final exams of final year students. In this drive we accepted the donation of buckets, mugs, quilts, bed sheets and whatever can be reused. It was started from May 24, 17 and lasted till June 18, 17.

Through this drive, we were able to collect:

40 mattresses

25 pillows

300 pair of clothes

Buckets, shoes and slippers.

Later this collection of reusable things was distributed in Rajnagar slum and at GOONJ drop center.

## Mime

Mime or the silent act is an enhanced form of expression where communication is eye to eye and expressions resonate in black and white.

The mime was performed in **EPOQUE 2017**. It was performed on 9th March 2017 in college auditorium by **UDDESHHYA** team members. The team led the stage consecutively for the third year and expects the support in the upcoming years.

In the mime, the following sensitive issues were raised:

### **Act 1- Suicide:**

Life holds more value to be wasted over tussles of life.

### **Act 2- Plight of women:**

- Female feticide
- Girl child marriage
- Rape

### **Act 3- Old age:**

A child grows up to be an adult when his parents enjoy the fruits of his labor.

### **Act 4- Anti-national issue:**

The country must not be divided over the petty issue of communalism and race divide.

The objective behind the scenes was the awareness of issues that are considered as a part of rural shortcomings has presently embedded itself in the roots of our modern society.

The acts are a reflection of our society and a gentle reminder to awaken the reality in today's youth and generations that stand responsible to make the lasting change.

## NUKKAD NATAK (Slum School)

The team performed a Nukkad Natak in the slum near the Rajnagar Extension on Republic Day. Since the area suffers lack of cleanliness, the central theme of the Nukkad was **Cleanliness**. The Nukkad therefore served as an awareness programmed for not only the children but the adults as well.

Throughout the Nukkad, the crowd was highly welcoming. As it was the first time that they saw something interactive like this, the crowd therefore was enthralled after the performance. This Nukkad performance served as medium for the team to convey a strong message of keeping cleanliness around oneself in an interactive and a retainable manner. The Nukkad was directed in a way that it turns out to be a fun without deviating from the main motive of the team.

The team was quite successful in this Endeavour as, soon after the Nukkad, an interactive session was conducted to cross check how fruitful the Nukkad turned out to be and the results seemed satisfactory, both from the kids and the adults.

## PICK A TABOO

In EPOQUE 2K17, for the first-time, Team Uddeshhya organized an institute level event 'Pick a Taboo'. With a belief of giving voice to thoughts, the team conducted this event to provide a platform to the students where they could express their views regarding taboos prevalent in the society. The name 'Pick a Taboo' hence itself is self-explanatory.

The event was conducted in two rounds.

**Round 1** was an abstract submission round where the participants had to submit an abstract describing their choice of the taboo.

## RAVLI SLUM ADMISSIONS

The team had started the slum school at Ravli on 15th January. It has been a learning experience for both the team and the kids. Several factors have been taken care of. These include basic amenities like cleanliness, manners, stationery and parent counselling.

The team was in process to guide the families there about proper education and need of it. Few sessions later, the result was fruitful. Parents are opening up to the idea and willing to send their children to school.

For the very same cause, an NGO oriented school "Lakshya Pathshala" approached with the motive of training the kids. Neelu ji, their representative has been very supportive and helpful in the process.

The main initiative of the school is to prepare the kids to get admitted in proper schools. It has the time period of 6 months.

Proper facilities like conveyance, stationery and uniform has been provided by them. The kids have started to visit the school and soon enough by mid April shall be eligible for admissions. The team has contacted various schools nearby and the process shall commence shortly. It is a golden opportunity for the kids who intend to make most out of it.

## **IDENTITY CARD DISTRIBUTION**

**In the social jungle of human existence, there is no feeling of being alive without a sense of identity.**

The team took the initiative of giving identity to such gems lost amidst crowds. The permission was taken from school authority. The data of **160 students** was collected from school. The identity cards were printed by the team by utilizing an amount of 500 rupees.

**The cards were distributed to 160 children at Prathmik Vidyalaya at Nekpur.** On getting their identity cards, their faces were beaming with joy and their morale was boosted as they put their first foot forward in building their identity in outside world.

It was a proud moment for the team as in government schools there are less opportunities for students but the team was able to take them towards positive direction.

## **IDENTITY CARD DISTRIBUTION**

The team took an initiative to bring the identity of these hidden gems forward into the light. In this attempt about 160 ID cards were distributed at Purv Madhyamik Vidyalaya and Prathmik Vidyalaya at Asalatnagar. All the kids were excited to have a new beginning in their schools. This gesture touched their delicate minds. Today it was an effort to bridge the gap between our world and theirs. It is a proud moment for the team to see things moving forward in a positive direction.

In government schools, students are not given a proper opportunity and this was a step to show them a glimpse of the outside working.

Initially permission was taken by the School Principal. The data was collected along with the clicking of passport sized photographs of students. Thereafter, team UDDESHHYA funded the whole procedure of printing of identity cards.

## DEEPOTSAV

Team UDDESHHYA is privileged enough to take Diwali as an opportunity to bring smiles to faces of children of Rajnagar Slum area. In our last visit to the slum area, our team members decided to note the wishes of the children residing in the slum. In order to fulfill their wishes, team prepared a wish tree. This wish tree contained chits marked with different numbers.

At Deepotsav event organized by and for the Faculty members, team members had put that wish tree at a stall. Faculty members chose one of the chits hanging on the wish tree. The Faculty paid for the respective gift item as per the number marked. That gift was kept aside for the children at slum.

With the support of Faculty members, we were able to collect a good amount of 9,160 rupees. Around 5,200 rupees were utilized for all the arrangements and purchasing the gift items. Balance is deposited as funds of UDDESHHYA.

Due to the successful execution of this plan with the coordination of team members and Faculty, this Diwali could really be joyful and cheerful for the slum kids.
