Dear Students

Greetings!

It's a pleasure to share that we are going to organise seminar for B.Tech/ B.Pharm/ MCA/MBA students who are keen to get information related to CAT, GATE, GMAT, IAS, IES and other competitive exam after completing their degree and wish to stand out of the crowd by pursuing their dream.

Date of Seminar: 6 Sept 2019

Timings: 3.10 PM to 4:30 PM

Venue: KSOP Conference Hall

The objective of the session to interact with the students to cover the following :

1. Know about various career opportunities after B.Tech/ B.Pharm/ MCA/MBA and help them understand why it's better to start early.
2. Be informed about the best institutions in the country, and their specific requirements.
3. With time-management skills that aid them in their preparations for the entrance exams.

All the students who are interested to join the seminar are requested to give his/ her name to their respective departmental coordinators. The list of Departmental faculty coordinators is attached with this mail.

You may visit Career Guidance Centre in the A-Block, Central Lab for any query.

All the best for your bright Future!

Seminar on "Various **#Career_Prospect**s after B.Tech/ B.Pharm

"Choosing the right Career is not everyone's cup of tea, Sometimes it requires experts and professionals' suggestion on what career path one should choose after ones' degree and how it could be achieved by them."

To throw some light on this matter, **#Career_Guidance_Centre** organized an Interactive Session cum Seminar for the students on the topic "Various Career Prospects after B.Tech/ B.Pharm", with the experts from Career Launcher, one of the best institutes of India for competitive exams preparation.

Mr. Jai Singh Sangwan, from CL, shared the information related to **#CAT**, **#GATE**, **#GMAT**, **#IAS**, **#IES**, Banking, and other competitive exams after completing the undergrad degree courses. He also explained that students should start early preparation to crack these exams so as to achieve their dreams in time. He emphasized "With proper time management, focus, and perseverance, one can get what one wants" and his views over how to be accurate and manage time was the center of attention for the students.

The session was remarkable and inspired the students to follow their dreams.

Dear Madam,
has the power to transform us, ignite us, and unite us. Education reminds us that the human experience transcends physical, temporal, and ideological boundaries. Council of International universities in not for profit organization and its members are schools, colleges and Universities across the world. It has it's headquarter in Germany and the regional headquarters in India, USA, UK, and UAE

"Speech is silver but silence is golden", this proverb is surely right in many situations. But to share our experiences, we need a continuous dialogue between people, organizations and industries. Ignited Brains cares about that dialogue and therefore organize different business events in the areas of education and Industry. We organize the International Award Ceremony to recognize the best professionals and professionally managed organizations and give them International recognition for their success and achievements. We also facilitate continuous dialogue by networking them with other successful people.

One of the most important objectives of Council of International universities is continuously enhance and promote the reputation of commercial, educational, cultural leaders who, through their hard work and exceptional business sense, support the exchange of ideas and experiences in culture, education, economy and finance as well as socio areas. Through careful selection process by the International Jury, which picks the most deserving award recipients, it honors their professional achievements and gives the international recognition for their success. This Award Ceremony takes place twice a year.

We invite you to join us as member of this internationally reputed and accredited organization. At the same time we also invite you participant and to the Nominations with the aim to support and inspire new knowledge and to promote the best educational institutions and Industry for the categories: Best lecturer; Best scientist; Best student; Best innovative initiative; Best learning manual; Best university library; Best University Academic Administration; Best University motto; Best campus and facilities, Educational Entrepreneur; Best Institution for promoting Industry-Academia Interface, Most upcoming School, Best Institution in open, distance & Online Learning, Best Institute Serving Social Cause CSR, Best Institute in Rural Area, Best Pre-School Chain, Best Chain Of Schools, Best Service Provider in Private Sector, Best Use Of Technology in Teaching & Learning Practices.

We invite you and your educational establishment to take part in any of the above mentioned categories. It will facilitate your institution's promotion and single it out among other educational institutions.

Nomination starts. Please visit www.councilofinternationaluniversity.com

With best wishes & regards,

Margareta

Session on “Learn how to build your profile to grab global opportunities” organized by Career Guidance Centre on 11 October 2019

“Things work out best for those who make the best of how things work out”. Besides best academic performance, a student requires a set of strong interpersonal, communication skills and a global mindset to stand out of the crowd in the professional world.

With the same objective, on 11 October 2019, Career Guidance Centre organized a seminar on “How to build your profile to grab Global Opportunities” with Prof Mahesh Gandhi, an Academician, Academic Administrator, Marketing Strategist, having handsome experience of thirty years in academics and corporate world. He is also associated as a senior director with various educational institutions in India and Abroad. He is a Visiting Professor at the University of Chicago, USA and also President, Council of International Universities, headquarter at Munich Germany. The take away from this session was that a student should go through short term courses, MOOCs, and participate in maximum extracurricular and co-curricular activities along with their degree courses to build their profiles to avail of international opportunities.

GATE-2021 first module in September 2019 at KIET campus and completed Module-1 in February 2020. SGW started module-2 classes from 1 March 2020 at KIET campus but due to Corona pandemic, everything has been changed which was totally

unexpected. Success Gateway provided 2000+ video lectures and conducted LIVE sessions for doubts & problem practices.

Q4. Calculate the total time required to transfer a 1000-KB file on a network with 1.5 Mbps bandwidth, assuming an RTT of 100 ms, a packet size of 1 KB and an initial $2 \times \text{RTT}$ of handshaking before data is sent. The data packets can be sent continuously.

(A) 5.15 seconds (B) 105.61 seconds
(C) 5.71 seconds (D) 1.15 seconds

Connection - $2 \text{RTT} = 2 \times 100 = 200 \text{ ms}$.

$$T_t = \frac{1 \text{ KB} \times 8}{1.5 \text{ Mbps}} = \frac{8}{1.5} \text{ msec} = 5.333$$

1000KB — 1000 packets

$$1000 \times 5.333 = 5333 \text{ ms}$$

RTT = 100ms
one way P = 50ms.

$$\begin{array}{r} 5333 \text{ ms} \\ 200 \text{ ms} \\ \hline 5533 \text{ ms} \\ 50 \\ \hline 5583 \text{ ms} \Rightarrow 5.583 \text{ s} \end{array}$$

(Screen shot of online class of subject computer networks by Mr. Sachin Shah)

Consider three IP networks A, B and C. Host H_A in networks A sends messages each containing 180 bytes of application data to a host H_C in network C. The TCP layer prefixes a 20 byte header to the message. This passes through an intermediate network B. the maximum packet size, including 20 byte IP header, in each network is:

A: 1000 bytes
B: 400 bytes
C: 400 bytes

The network A and B are connected through a 1 Mbps link, while B and C are connected by a 512 Kbps link (bps = bits per second).

Network A — 1 Mbps — Network B — 512 Kbps — Network C

MTU = 100

180 + 20 = 200 bytes

200 | 20

80 | 20 80 | 20 40 | 20

3 fragment

Q12. Assuming that the packets are correctly delivered, how many bytes, including headers, are delivered to the IP layer at the destination for one application message, in the best case? Consider only data packets.

(A) 200 (B) 220 (C) 240

260 Bytes

Singly Linked List

Problem Write a Recursive code for Pairwise swap of nodes in given SLL.

Diagram of a Singly Linked List with nodes: a (20) → b (30) → c (40) → d (50) → e (NULL). The head pointer points to node 'a'.

```

node* Pairwise_Swap_nodes ( Node* Head )
{
    Node* Pending;
    if ( Head == NULL || Head->next == NULL )
        return (Head);
    Pending = Head->next->next;
    Node* t = Head->next;
    Head->next->next = Head;
    Head->next = Pairwise_Swap_nodes ( Pending );
    return (t);
}

```

Total amount of Rs. 404500 (Four lakh four thousand five hundred) submitted by GATE registered students, after verification by KIET account office, amount has been reimbursed according to KIET policy to resource persons.

Mock Test Series Conducted by Made Easy

A Mock Test Series was conducted for all the departments of all the branches including B. Tech (ME, ECE, EEE, CE, CS, CSIT, CSE, IT), M. Tech, MCA for the GATE aspirants. The Mock Test Series was conducted for the purpose of making the students aware of the kind of questions which come in GATE examinations so that they can meet the requirement of the examinations as well as can easily crack without any fail for the higher studies.

Workshop for “GATE / CAT Preparation”

Session: 2018-19

Resource Person: Speaker from ACE Academy Ghaziabad

How to prepare for GATE!

The department of Applied Sciences organized an exclusive Seminar on **'How to prepare for GATE!'** in association with the well-known institute **Made Easy.**

The seminar was organized on **2nd December 2017**, at the **MBA conference** hall. An expert named **Jitendra Tiwari** with immense experience, from **Made Easy**, addressed the participants and solved their queries related to GATE.

Mr Jitendra Tiwari is a renowned personality who has been awarded with **Guinness Book of World Record** for his fastest learning abilities.

The students participated in the seminar in large numbers. Students also took full advantage of the seminar by clearing their doubts and queries about the GATE preparations and the courses offered by **MADE EASY.**

Seminar on How to crack IES, GATE & PSUs by Made Easy

KIET Group of Institutions organised a seminar by Made Easy on April 27th, 2018. The session was addressed by Mr. Vibhav Srivastava who is a faculty member at 'Made Easy Education' and has presented number of seminars in colleges of national repute across the country. Dr (Col) A.Garg, Director KIET Group of Institutions, Dr Anil Ahlawat, Dean Academics along with students were present. The session was an amalgamation of motivation and learning.

Made Easy is a premier institution for IES, GATE and PSU's coaching, it focuses on comprehensive study along with interactive classroom sessions. It was an interactive session where students' queries ranging from government jobs to competitive exams preparation were answered.

At the end of the seminar leaflets and diaries were distributed to the students, if they wish to pursue further. Overall it was an enriching and fulfilling experience for approx. 350 young IES and GATE aspirants.

- This winter school is compulsory for already registered students (Summer Gate School).
- The registration fee is refundable if the attendance is $\geq 80\%$.

SYLLABUS

Section 1: Electric Circuits

Network graph, KCL, KVL, Node and Mesh analysis, Transient response of dc and ac networks, Sinusoidal steady-state analysis, Resonance, Passive filters, Ideal current and voltage sources, Thevenin's theorem, Norton's theorem, Superposition theorem, Maximum power transfer theorem, Two-port networks, Three phase circuits, Power and power factor in ac circuits.

Section 2: Signals and Systems

Representation of continuous and discrete-time signals, Shifting and scaling operations, Linear Time Invariant and Causal systems, Fourier series representation of continuous periodic signals, Sampling theorem, Applications of Fourier Transform, Laplace Transform and z-Transform.
