Dear Students,

Hope you are doing well and taking good care of yourselves along with your near and dear ones.

As we are aware that **World Environment Day (WED)** is celebrated annually on **5th June** and is the United Nations' principal vehicle for encouraging awareness and action for the protection of the environment. First held in 1974, it has been a platform for raising awareness on various environmental issues. World Environment Day is a global platform for public outreach, with participation from over 143 countries annually. Each year, the program has provided a theme and forum for businesses, non-government organizations, communities, governments and celebrities to advocate environmental causes. **The theme for 2021 is "Ecosystem Restoration"**.

**Environment & Energy Management (EEM) Cell of KIET Group of Institutions** has taken an initiative to organize World Environment Day 2021. **The event will be graced by the presence of Dr. K. Abdul Ghani (Green Man of India)**, globally acclaimed for his numerous laurels. He has been the founder of Youthink International Foundation. Dr. Ghani claims to have planted 40 lakh trees and for launching India's first ambulance for trees to save mother earth. His awards include Green Man of India, Prakriti Ratna Award and Gem of Tamil Nadu etc. Audience would be immensely enlightened by his speech on Combating Global Warming, worthy of awakening eco-friendly thinking.

This is a humble request to kindly join the event on **5th June 2021 at 11:30 am to 1:00 PM** online on Microsoft Team using below mentioned Link:**Environment Day Celebration**

Dear All,

***Hope you all are keeping safe and healthy.***Please accept my heartfelt **warm wishes** on the eve of **Holi - Celebrating Colours - Celebration of New Beginnings**.

The Holi festival has a cultural significance among various traditions of India. It is the festive day to end and rid oneself of past errors, to end conflicts by meeting others, a day to forget and forgive. The festival has many purposes, most prominently; it celebrates the beginning of Spring. Holi festivities mark an occasion to reset and renew ruptured relationships, end conflicts and get rid of accumulated emotional impurities from the past.

Last year, the pandemic situation came as the **biggest challenge** for all of us to deal with. Our academic activities have also been affected by the lockdown, but there is no doubt that we kept the learning going and could be able to effectively cope up and sail through all the odds by your steadfast support, commitment & adaptation. I would like to **compliment all of you** for this.

However, the pandemic is not over yet. We are still battling it every day, but we are doing it more adeptly and with a growing sense of positivity. We seek your **continued support** in future to effectively manage the CHANGE that this unprecedented situation year 2020 has brought. We are back again in 2021 with the indication that last year's unprecedented situation may continue for some more time. The classes therefore may continue in blended/online mode even in this semester depending on how the situation unfolds itself in the coming few weeks. I am sure we will continue to face this situation with the same zeal & zest as we had done before.

***Thanking you all for your persistent support!***Let's spread the message of Peace, Happiness & Togetherness. Enjoy the festive spirit and the bright colours of life. Please **have a safe Holi** for you and your family members. Do ensure that all **safety guidelines are followed**.**Happy Holi !!**[www.kiet.edu](http://www.kiet.edu)
